VOLUME 99—NUMBER 48 | CAMERON, MILAM COUNTY, TEXAS, THURSDAY FEBRUARY 26, 1959 | 12 PAGES TODAY

Column 99

By Frank M. Luecke

Two stories datelined Washington this week have prompted my flipping through the files for a "pome" written a few years ago by Ninty-niner.

The stories had to do with a freshman U. S. representative on the one hand paying his wife $13,000 plus to run his office, and on the other, three large farming concerns receiving $3,400,000 in subsidies in 1957.

I was aware of such things as the saying "to the victor go the spoils"; but for yet another representative of the legislative government to pay his student-son $11,000 for a job while taking a fulltime course at a university in Washington, I wonder "where the greenbacks went."

99-99-99

My very bad poetry seems to be appropriate. I call this four-verse cliche "Bureauocrat at the Conference Table." I quote:

He saunters in, benownst to none,
And sits at the conference table;
A long cigar he draws upon,
Spelling presence, willing and able.

Heads nod assent as the gavel falls,
Calling the meeting to order;
Another, they agree, in the malls
From beyond the District border.

The chairman speaks of affairs du jour,
Strives to achieve his goal;
The "visitor" poses a new detour
Around the civic flagpole.

Discussion rises but goes stalemated
When no unity's reached;
He exits happily, issue evaded,
Another committee beached.

99-99-99

In the Senate, Washington newsmen were unable to get records of personnel employed by senators more recently than a year ago. And then, the records gave no names.

Ah, me. Were it possible to hide one's income tax return for a year, then leave one's name off when one filed it. It would be a cozy personal bureauocracy, would it not?

99-99-99

We may pun about what Drew Pearson calls the "Washington Merry-go-round", but we should take more interest in our government, national, state, county and local.

Then if we are mired in shoulder-high red tape, we can thank ourselves for not cutting the ribbon.

SIXTEENTH TIME — Drayton McLane, Cameron, gives his 16th pint of blood during the Friday bloodmobile visit which attracted a record 160 donors. McLane is now a charter member in the "Two Gallon Club", heading the list of donors from the Cameron area. Officials extended their appreciation for the record turnout that precluded complete loss of the bloodmobile program to Milam County.

500 Growers File For Extra Acreage

Half-Million Bid Let On US 77 Job

A contact for 7.4 miles of highway construction on US 77 and 79 has been awarded to the W. O. Pelphrey Company of Fort Worth, according to C. B. Thames, district highway engineer at Bryan.

A lowbid of $594,133.44 was submitted by the Fort Worth Company for the US 77 link between Minerva and Rockdale. The span will cover a new route intersecting with US 79 east of the Rockdale city limits.

Carrol Zeigler, resident engineer at the State Highway Department Hearne office said that a work order would be delivered about the end of this month and charges for working time would begin in mid-March.

The contract calls for 225 working days and includes foundation courses, grading, drainage structures, flexible base and hot-mix asphaltic concrete pavement.

Work on the new highway link represents the initial phase of a long-range US 77 project that will by-pass Rockdale. Over-all plans call for a safety intersection with overpass where US 77 and US 79 will meet east of the south county town.

Eventually, the highway department will extend US 77 from the intersection to near the Lee county line south of Rockdale. Estimated cost of the entire project is approximately three-quarters of a million dollars.

The end of 1960 is the time set for completion of the US 77 project.

Demand Increases As County Is Cut

About 500 requests for increased extra cotton allotments have been filed with the Cameron Agriculture Stabilization and Conservation office, officials reported today.

One spokesman said the trend indicated that a 11.1 percent cut of Milam County's cotton acreage would not affect the amount of acreage planted this year compared with 1958.

The cut reduced Milam's allotment to 49,000 acres from the 1958 total of 54,000 acres, officials said.

But a campaign to plant all available acres seems to have developed a demand for allotments not being used by Milam growers.

Officials said it appeared at the present that about 45,000 to 48,000 acres would go into cultivation this spring compared to only 30,000 cultivated cotton acres under the Soil Bank program of 1958.

This year the cotton allotment program has been modified to allow government support on 80 percent of cotton grown under Plan A while cotton grown under plan B will go on the open market, the spokesman said.

During 1958 when an average of $35 per acre was paid for farmers for land placed in the soil bank, about 22,000 acres were planted. The cotton crop was about 8,000 bales.

ASC officials said that only 250 farmers thus far have released allotments for others to use.

"There will probably be more than enough allotments available for growers who want to produce more cotton this year," the spokesman said.

Milam Seal Drive Sends Out 5,000 Letters For Aid

More than 5,000 letters containing Easter Seals were mailed to Milam Countians this week, according to Mrs. O. B. Harden, president of the Milam County Child Welfare Board.

The 1959 nationwide Easter Seal campaign will continue through March 29, Mrs. Harden announced. "It will be the most extensive, and, if we are to meet our community's needs, it must be the most successful campaign in history," she added.

Easter Seal sales help meet the needs of crippled persons with rehabilitation services, regardless of cause of crippling, race, creed or age.

Last year, approximately 160,000 patients, most of these children, were recipients of these services. An additional 88,000 persons wer helped in facilities and programs cosponsored by East Seals and other organizations.

Some of the facilities and services of East Seals are: diagnostic and evaluation clinics, treatment centers providing rehabilitative services under medical guidance, interant therapy program special education projects, special workshops, camping programs, equipment loan pools.

Richard Williams has been named county treasurer for the drive.

Blood Bank Draws Record 160 Pints

A record total of 160 pints of blood were donated at the Friday stop of the Red Cross Bloodmobile.

Richard Moseley, Cameron blood chairman, told The Herald that 13 donors turned out for the drive Friday afternoon, but 27 were turned away because of medical reasons or due to lack of time. Blood was taken up to 6:45 p.m. Friday.

Cameron medical officials joined Moseley in expressing a sincere appreciation for the record turnout. Previous high was in 1954 when 106 pints of blood were donated in Cameron.

Waco Red Cross officials had announced last week that the Milam County bloodmobile service was endangered by the low number of pints of blood given when compared with the number used monthly here.

Drayton McLane became Cameron's charter member of the "Two Gallon Club" when he donated his 16th pint of blood Friday. A number of other city donors have contributed blood for the program.

Following is a complete list of 160 donors:

Lester Byrd, Alton L. Fuchs, Robert Rice, Billy Collins, Coy L. Dawson, Mrs. Nell Sutter, J. C. Lobe, Mr. Daniel Dawson, Mrs. Loretta Brock, F. B. Zajicek, Lewis Krenek, Felix Matula, Mrs. Billie M. McCoy, George Kahlig.

Mrs. Joe Klasek, Willie Perubsky, Dave Whitley, Adolph T. Michalka, Rudolph Friemel, Harold B. Darby, Mrs. W. J. Evard, Mrs. Jessie Armstrong, Kennard Conner, Emil Zalesky, Mrs. Geo. Bowman, Louis Absnaider.

Preston Reichert, Bartow Jackel, Mr. Albyn Stephen Simecek, son, C. J. Sutter, Fred Gresak, Mrs. Lola Burroughs, Mr. Leo Vra-Ed Laywell, W. J. Evard, Bartoe Johnson, Geo. L. Carroll, Leon McGoldrick, Joe Zarosky Jr., W. E. Smitherman.

Max Shumate, Warren E. McCall, John Schmidt, Grady Allen Jr., Mrs. Barbara Smitherman, Mr. Forrest Sapp, Mr. A. C. Hillman, Mrs. Maxine Corley, B. L. Miller, Mrs. Lyle McDermott, Mr. Robert Hoermann, Mrs. Oletha Platt, L. F. Fricke.

Mrs. Leland Green, Jr., Mrs. J. D. Eaton, Monroe Lucko, Gerald Eaton, David Perkins, Glynn Cummings, Roy Seaton, James E. Speer, Mrs. Pete Mikula, Anton Reisner, Wanda Kirk, Mrs. Barclay Jeter, Mrs. C. R. Baskett.

Albert G. Whiteside, Mrs. S. D. Ripley, Ralph Kahlig, The Rev Alfred Kallus, Chester Simmons, Felis Eugene Kirk, Mrs. J.W. Neely Louis Trdy, Thomas Sheguit, Mrs. Fred Peed, Mrs. Emil Zalesky, Mrs. Joe Sheguit, J. B. Phipps, John Mitchell.

The Rev. L. R. Trout, J. W. Brashear, J. L. Kirk, Monroe Marek, Eddie Huntsman, Bennie L. Archer, W. G. Harsha, Homer L. Conley, Mrs. E. B. Williams, Mr. Paul Dillon, Mrs. Stella Thorpe, Gene Friemel, Gus Elley.

Mrs. Sue (Dudley) McDaniel, Herbert Colburn, Mrs. Herbert Colburn, Emilio Chavez, Fredwill L. Hornung, S. W. McClaren, Jr. Eldridge Angell, William Winkler, Raymond Kurtz, Mr. Florence Cannon, Richard W. Williams.

Mrs. Doris Chancey, Carl M. Weems, Mrs. Hazel Kuzel, Mrs. Minta Cryer, Mr. F. J. Ehler, Drayton McLane, Joe Simicek, William Pagach, Ray Tepera, Charles Kirk, Miss Mary Ingram, Miss Barbara Coward, Adelina Vera Cruz, F. R. Kolodejcak.

James Barr, Wm. F. Arthur, Jones O. Vessels, Mr. Malcolm Cass, Mrs. Lorene Hagemeister, J. H. Johnson, Marcella Woytek, Frank Kratochvil, R. E. Luckey, Jr. Charlie Mayer, Avold Swanzy, S. D. Ripley.

Morris Coward, W. N. Burns, Joe Eichinger, Mrs. R. J. Woodum, James Tucker, Wallace J. Small, Dennis Klein, Hugo Hollas, Mrs. C. J. Roschetzky, Charles Moraw, Henry Mode, Lincoln Mondrick, Mrs. Ruby Coward, Rev. Cato Sheerer.

Mrs. J. E. Crook, Fred A. James, James W. Mode, Mrs. Theresa McAtee, Hubert Edmondson, Denson Crouch, Marcelo Fino, Frank Borgas, Edward Matula, Mrs. C. E. McDermott, Mr. C. E. McDermott, Mrs. Willie Moraw, Mrs. J. A. Jedlicka, and Louis Elley.

Chamber To Give 100 Contestants Chicks Friday

The annual Chamber of Commerce junior broiler growing contest gets underway 4 p.m. tomorrow on the courthouse lawn when 100 business and professional men present 100 FFA and 4-H boys and girls with 50 chickens each. The young growers will raise them for nine weeks and enter their five best chickens in a poultry show scheduled for May 2.

Lester Byrd, chairman for the 1959 show, said this year's event has had wide interest throughout the county and promises to be the best show yet.

Plans are being made to hold another trades day event in conjunction with the show.

The boys and girls entering the contest will vie for cash awards which will be furnished by the sponsors for winners in each division of competition.

These prizes will be presented at an awards banquet given by the sponsors for the growers on the evening of May 2.

Jim Knight, public relations director for ALCOA will be the principal speaker.

Rotarians Elect Board For '59 - '60

The Cameron Rotary Club has named six new members to the board of directors and George Childress to succeed John Andres as president.

The vote preceded a talk by Hinton Pruett, Cameron, on legislation before the state on school financial needs.

Named to the board were: Dr. C. G. Swift, Charlie Burke, Henry Siebman, Burts Kennedy, Bill Burns and Childress.

Childress will take the reins as Rotary president July 1, following completion of Andres one-year term. Andres will become a member of the board and vice-president under Rotary rules.

The Rotary Club will meet next Wednesday at Ben Milam School during National Public School week.

Chamber Studies County Road Plan

The Chamber of Commerce good roads committee met with County Judge Don G. Humble Monday to study the need for greater public understanding of Milam County's road requirements.

Chairman Milton Schiller said other committee meetings will be held to develop a program of greater understanding of the county's road needs.

Humble explained to committee members some basic differences in obtaining right-of-way and prospects for Milam County's 115 miles of primary and secondary roads scheduled in future years by the State Highway Department.

"On obtaining right-of-way for farm-to-market roads," Humble said, "the county receives no reimbursement for payment of right-of-way while in procuring state and federal road right-of-way, the state reimburses the county 50 percent for right-of-way purchased."

Humble pointed up the prospects of obtaining additional roads beyond 90 miles already programed in some phase by the state.

"Funds are or will be available to complete 260 miles of paved road, about 145 miles of which are completed. A number of counties have completed their allotment of state highway projects and highway officials are ready to focus a good percentage of the 10-county Bryan district allotment to Milam County as fast as we can obtain right-of-way and approval for new roads," Humble said.

Humble noted that paved county roads built by the state are completed at the request of the county while state and federal highways are developed under state direction.

"In building roads, both state and farm to market Humble continued, "the state is following construction ideas that will cut down dangerous corners, but cause right-of-way at times to be wider at turns."

Good roads committee members are E. A. Perrin, Jack Prescott, Charlie Burke and Schiller.

Jaycees To Meet For Monday Lunch

President Bill Crockett reminded Jaycees and new members that a noon meeting was scheduled for Monday at Kathy's Cafe.

Crockett said the speaker would be Judge Don G. Humble.

He said that members are asked to make their contacts prior to the first report on the current membership drive being conducted by the Cameron Jaycees.

Tri-Civic Meetings Set For School Week

Rotary, Lions and Kiwanis clubs will hold their noon meetings at the public school cafeteria next week in observance of Public School Week.

School officials have invited parents and patrons to visit the local schools March 2 through 6 which has been proclaimed Public School Week by Gov. Price Daniel.

Wiley Lougmiller, superintendent, announced that the special week's activities would end Friday night with the second annual science fair at the Yoe High gym.

Nelson Addresses Cub Pack Dinner; Awards Presented

District Atty. Robert Nelson addressed Cub Scout Pack 213 Tuesday night at the unit's blue and gold banquet at Simon-George hall.

About 100 scouts attended the annual event which featured awards to leading Cub Scouts for the year.

Nelson advised the youngsters to wear their uniforms proudly and set a good example for other boys as a Cub Scout.

Awards went to the follwoing boys:

Bobcat, Danny Matula; wolf badge, Mark Meyer, Richard Anderson, Dwight Jekel, Jim Lester, Gary Owings; bear badge with gold and three silver arrows, Dennis Rose; lion badge, Rodney Anderson and George Pool; arrow points under the wolf badge, George Foster, one gold; Tom and Jerry Barton, one gold two silver; Jack and John Glass, one gold and two silver.

Service pins went to Roy Thompson, Tommy Shapiro and Bobby Schiller.

A flag ceremony led by Tommy Shapiro and Ralph Duffy closed the program.

J. R. Young and Richard Williams represented the sponsoring Cameron Lions Club at the program.

Road Work Continues As Skies Clear; 6th-Jackson Nears

Weather cleared early this week as work was completed on 12th St. from US 77 North to North Jackson Ave.

City officials said that contact work prior to reworking and paving North Jackson and Sixth St. was nearing completion.

Meanwhile construction work on widening US 77 from the east city limits to the intersection of US 77-SH 36 east of Cameron was underway. And workmen were continuing construction on US 77 through Cameron from the intersection US 77-SH 36 east to the east city limits.

Mrs. Smith Hospitalized

Mrs. Hilliard F. Smith has been a patient at Scott and White Hospital, Temple, since Friday where she is under treatment for pneumonia.

Auto Tags Go At Average Pace, Assessor Notes

Sale of 1959 auto tags in Milam County have been about average, according to Valter White, county tax assessor-collector, with 712 sets sold through Saturday.

White estimated that 9,000-10,000 vehichles would be licensed in the county by the April 1 deadline. Heaviest traffic for tags is expected during the last two weeks of March.

Vehicles licensed in the county to date include 521 passenger cars, 59 commercial vehicles, 104 trucks 23 trailers, 1 house trailer and 4 dealer vehicles.

White advised motorists to bring copies of their certificate of title and their 1958 registration receipt.

He added that the tax office, in the basement of the court house, is open 8 a.m. until 5 p.m. Monday through Friday and from 8 a.m. until 12 noon on Saturday. Substations have also been set up in Rockdale and Thorndale.

March 4 Filing Deadline

Shapiro Files For Board

Dr. David Shapiro, incumbent Cameron District school board member, has filed for re-election to the post, according to Max Howard, secretary of the Cameron board.

Howard said two posts are up for election Saturday April 4, in the independent district. They are now held by Dr. Shapiro and Niley J. Smith, who has not yet announced intentions to run for election.

Smith is filling an unexpired term vacated by Don G. Humble who took the office as county judge in January. Dr. Shapiro is completing his first three-year term.

Filing deadline for school board candidates is midnight Wednesday March 4, Howard told The Herald. Candidates are required by law to file with the board secretary.

He pointed out that the candidates receiving the most votes would be elected in case of more than two aspirants running for the iffices.

The school board election will be held at the Yoe High School Gymnasium all day Saturday, April 4, Howard said.

Supt. Wiley Loughmiller said that absentee voting will be held at the Milam County clerk's office three days, April 1-3.

Past school elections have attracted an average of about 250 votes, Loughmiller said, with a peak vote of about 800 several years ago.

Other school board members are President H. B. Pressley, Mrs. Dana Monroe, Dr. Gus Evans, W. F. Vogelsang, and Howard.

Love Is Stationed At Hawaii Army Base

Pvt. Jimmie L. Love, son of Mr. and Mrs. Clyde Love of Sharp is now stationed in Hawaii after completing 8 weeks of advanced individual artillery training at Ft. Chaffee, Ark., February 7.

Love was a '54 graduate of Sharp High School and a 1957 graduate of Austin Barber College.

He was employed by Jerry's Barber Shop in Rockdale before entering the army in September 1958.

Tracy-Duncan Club Has Program Meeting

Mrs. Joe Brown was program leader for the Wednesday afternoon Demonstration Club at the Methodist educational building.

The county council's recommendations were studied and adopted by the members.

Mrs. Floyd Mullinax served refreshments to members and one visitor, Mrs. Roy L. Green.

The next meeting will be held at the educational building on March 4 and will be an all-Day affair. Mrs. George Young will be hostess.

REPORTABLE DISEASES

Reportable diseases in Milam County last week included: 16 strept throat, 24 chickenpox, 6 flu, 1 pneumonia, 1 tuberculosis, and 1 encephalitis, according to Dr. T. E. Crump, acting director of the Milam County Health Department.

Milam Draft Office Announces Hours

August Kunz, chairman of the local draft board announced this week that new hours for the local board office will be from 8 a.m. to 5 p.m. Monday through Friday.

The state quota for Texas draft boards in March calls for 364 men compared with a quota of 412 for February and 359 for January.

The March quota will be filled with men who are at least 22 years old on March 1, 1959, with the exception of volunteers or delinquents, who are younger.

Waco Minister To Speak Here Tonight

The Rev. George Carlisle of St. Paul's Episcopal Church, Waco, will be the guest speaker at 8 p.m. tonight for the All Saints Episcopal Church lenten service.

Lenten series speaker last Thursday was Bishop James Parker Clements of Austin. Approximately 80 members of the congregation and guests attended the parish supper and service last week.

In Sharp

Friends Reunited After Fifty Years

Visitors in the home of Mr. and Mrs. Ernest Backhaus were Mr. and Mrs. Ernest Von Waaden of Washington, Kansas, and Mr. and Mrs. Siegfried Backhaus and son, John of Rockdale.

Mr. Backhaus spent three months in Germany in 1905 where he met Ernest Von Waaden, who came to Kansas in 1912. This was their first meeting in 54 years.

Miss Mary Belle Batte will spend Saturday and Sunday morning in Houston attending the Houston Fat Stock Show.

Meetings Changed

According to Boyd Offield, president of the Sharp school board, the second Monday night of each month has been set for meeting of the board instead of the first Monday.

Mrs. Mary Reichert had as recent guests her son and family, Mr. and Mrs. Ben Reichert and son John D. of Austin.

Mrs. T. M. Oliver of Coupland is making a visit with her daughter, Mrs. Lewis Modesette and family.

Surprise Party

A group of friends gave Mrs. Ed Fowler a surprise 42 party on her birthday at her home Friday night.

Guests brought gifts and refreshments.

Present were Mrs. Howard Coffman, Mrs. Max Rinn, Mrs. Will Spiegel and Miss Louise Henderson.

Nemec Honored

Mrs. Valentine Nemec recently entertained with a dinner honoring her husband on his birthday at their home.

Twenty guests were present.

David Stewart Feted

David Stewart was honored with a party on his eighth birthday by his mother, Mrs. Marie Stewart. His mother planned for him to share with his school friends at Sharp.

Games were directed by his teacher, Mrs. Girsbach.

Refreshments of ice cream, cookies and candy were served to the honoree, Mrs. Girshbach and 24 classmates.

INTRODUCING

Donna Lynn, 6 pounds, 6 ounces, born February 13 at St. Edward's hospital to Mr. and Mrs. Garlon Lawrence Jr. of Tracy.

Grandparents are Mr. and Mrs. E. E. Walker of Davilla and Mr. and Mrs. Garlon Lawrence of Tracy.

Catherine Renee Michalka, 7 pounds 4 ounces, born February 5 at St. Edward's Hospital to Mr. and Mrs. W. J. Michalka Jr.

Grandparents are Mr. and Mrs. W. J. Michalka Sr. of Cameron and Mr. and Mrs. Tom Bullock of Crockett. Mr. and Mrs. Tom Bullock Sr. of Brownsville are great-grandparents.

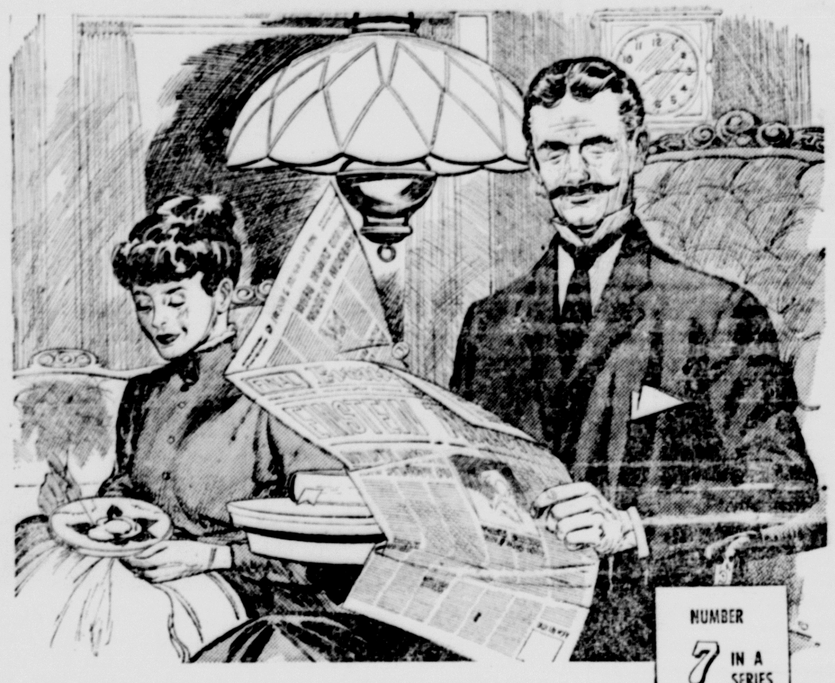
Donald Carl Komar, 6 pound, 6 ounce son, born February 6 in a Sonora hospital to Mr. and Mrs. J. C. Komar Jr. of Sonora. The Komars are former residents of Cameron.

Grandparents are Mr. and Mrs. J. C. Komar Sr. of Ben Arnold and Mr. and Mrs. Ben Lindermann of Route 1, Burlington.

Conference Set

A conference covering grain sorghum research and utilization will be held in Amarillo at the Herring Hotel on March 3 and 4.

Milam County



We invite a closer look...

WHEN WILL ATOMIC ENERGY MAKE YOUR ELECTRICITY?

Back in 1905 (23 years after Edison developed the first power plant) newspapers carried Dr. Albert Einstein's announcement to the world of his startling discovery that all matter is concentrated energy. Thirty-four years later man learned to split the atom and in 1945 energy of the atom was used destructively in the first atomic bomb. Today's scientists and technicians are trying to find ways to use this new source of energy for peaceful progress ... including the making of electricity.

TP&L and 10 other electric companies in Texas comprise the Texas Atomic Energy Research Foundation, a non-profit organization dedicated to research regarding the use of atomic energy.

In addition to participation in the joint effort in thermonuclear research, Texas Power & Light Company employs a full-time nuclear research scientist.

It's a long range program, of course ... especially in Texas where natural gas and other fuels are plentiful.

This Company is constantly planning ahead ... to assure you ample electric service at all times, and to keep your cost of that service *low*. Since 1956 the cost of living has gone up 108%, yet the average price paid per kilowatt-hour for TP&L residential electricity has gone *down* 43%. It's truly the biggest bargain in your family budget!

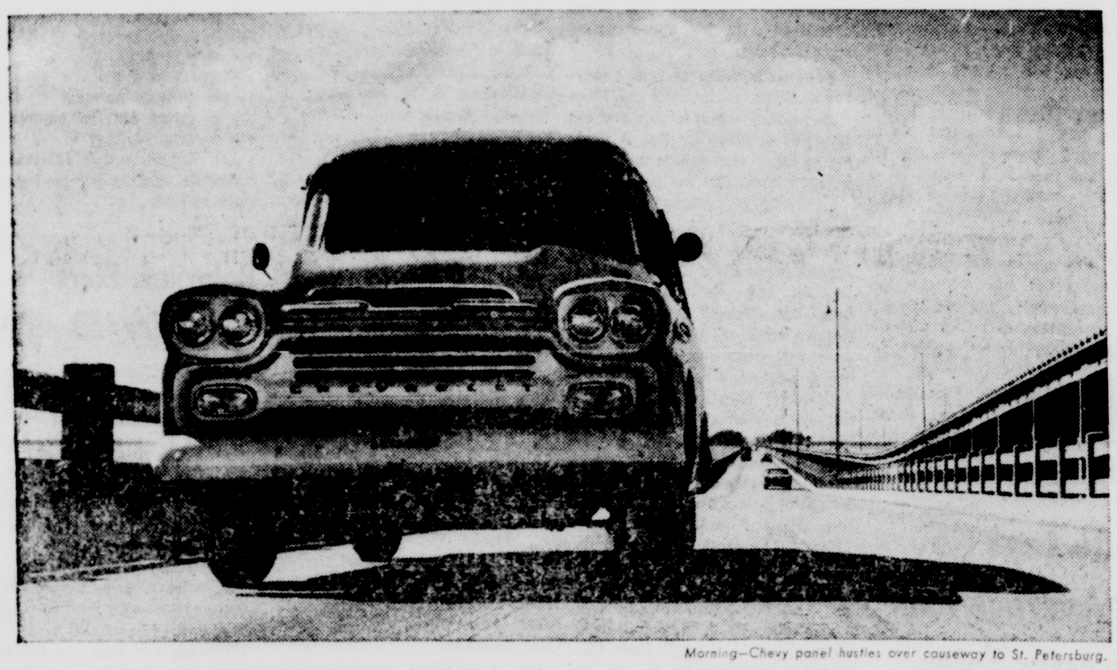
HUMBLE



Morning—Chevy panel hustles over causeway to St. Petersburg.

Chevy panel steps lively in Florida...runs day and night, delivers 19.3 miles per gallon!

This '59 Chevy panel is on the go, morning, noon and night; it covers as much as 587 miles a day . . . runs so constantly that its engine never cools off completely. Yet Mr. Clark Farber, the Tampa Tribune's circulation manager, reports that the truck is delivering 19.3 miles per gallon!

This year, the light-, medium- and heavy-duty trucks of the 1959 Chevrolet Task-Force fleet are out to whip *anything* that comes their way—and they've got what it takes to do it!

Take the panel pictured above, for example. Powered by the '59 Thriftmaster 6 with new economy-contoured camshaft, it's building a sensational economy record, despite the sizzling pace of its work. That's typical of the way Chevies of all sizes are turning-to on the most challenging jobs in America. The way they're made, with tough-built truck components, they make the hardest hauls look easy!

If you have a job that puts a truck on its mettle, see your Chevrolet dealer!

No job's too tough for a Chevrolet truck! CHEVROLET

Dallas Visitors In White Home Over Weekend

By Mrs. J. P. Wise
Telephone 1169-J-1

Mr. and Mrs. Ralph White and children and Miss Mary White of Dallas spent last week end with their mother, Mrs. Vina White.

Miss Lynette Thweatt of Waco visited home folks last week end.

Mrs. Ruby Massengale returned Monday from a visit with relatives in Temple and Austin.

Mrs. Fred Jackson is visiting her son and family, Mr. and Mrs. Freddy Jackson and sons in Houston.

Mr. and Mrs. Roy Newton visited in Houston last week. They were accompanied by Mrs. W. C. Cooper who visited her children, Rev. and Mrs. Frank Newton.

Mr. and Mrs. Johnny Yates and Johnny Jr. were in Waco Monday where Johnny Jr. is receiving medical treatment at Hipps hospital.

Buckholts News

Ruzicka Flies From Calif.

By Mrs. J. W. Meyer
Telephone LY 3-2800

Here from Bakersfield, California is Ed Ruzicka who came by plane Thursday to be at the bedside of his mother, Mrs. Joe Ruzicka, who died Monday at Kingh Daughters hospital in Temple. Other chldren at home are Mrs. Martin Rubac and Vince Ruzicka Temple; Robert Ruzicka, Fort Worth; Joe Ruzicka of near Houston, and Mrs. W. C. Dudik and Frank Ruzicka of Buckholts.

Mr. and Mrs. Marvin J. Slovacek and children, Diane, Marvin Jr. and Lori of San Antonio spent the weekend here visiting his parents, Mr. and Mrs. J. R. Slovacek.

Week end guests of Mr. and Mrs. C. S. Raney were their sons and families, Mr. and Mrs. Jimmy Raney and children of Houston and Mr. and Mrs. Lyn Dell Raney and daughter, Bridgett Lynn of Waco.

Mr. and Mrs. Floris Fuchs and children, Debby and Larry of La Grange were week end guests of her parents, Mr. and Mrs. L. A. Abel and his parents, Mr. and Mrs. Herman Fuchs.

Mr. and Mrs. E. B. Hyer have returned from several days visit in Baton Rouge, La., where they were guests of their son-in-law and daughter, Mr. and Mrs. Bruce Story.

Mrs. Ed Kolba, Mrs. C. R. Criswell, and Mrs. Tal Woodward were in Temple Friday visiting Mrs. Joe Ruzicka at King Daughters Hospital.

Mr. and Mrs. B. M. McMillion are in Houston for a few days visit as guests in the home of Mr. and Mrs. Jim Britt.

Mr. and Mrs. John R. Meyer and children of Ft. Worth visited Sunday with his parents, Mr. and Mrs. J. W. Meyer.

Miss LaVelle Fischer, elected delegate from Buckholts by the Milam county 4-H council to attend the recent District 4-H council meeting held at Clifton, was unable to attend due to illness. She is reported to be much improved and back at school this week.

Texas Exes To Hear Thompson At Annual Dinner

J. Neils Thompson from the University of Texas faculty will be the speaker for the annual banquet of Milam County Texas University Ex-students at the Singer's Grill in Rockdale Monday at 7:30 p.m.

L. G. Gonzenbach of Rockdale, president of the group, will preside. Following Thompson's address there will be a short business meeting with election of officers, Gonzenbach said.

The speaker is professor of civil engineering and Balcones Research Center director at the University of Texas and was a Texas highway department engineer before he joined the faculty in 1941.

As the University's Coordinator of Surplus Property Acquisitions, Thompson was instrumental in the University's acquiring a wartime magnesium plant, known today as the Balcones Research Center.

Thompson also directs the civil engineering research laboratory and the structural mechanics research laboratory at the Center.

Thompson has a BS and an MS in mechanical engineering, both acquired at the University of Texas. He is a past president of the Texas Society of Professional Engineers and a director in the National Society. He has won numerous awards in his field and is a member of several engineering societies.

One American in 18 is permanently disabled in accidents every year. Easter Seals can help with rehabilitation.

When crippling strikes, Easter Seals can help.

Womens Golf Association Plans Tournament At Local Country Club

At a meeting of the Ladies Gold Association, February 17, Mrs. Peggy Smith of Rockdale, tournament chairman, disclosed plans which are developing for the third annual Invitational Tournament to be held at the Cameron Country Club, May 5.

Invitations will be sent out a month in advance to members of Women's Golf Associations over Central Texas. Four prizes in each flight will be awarded.

The past two tournaments have attracted golfers from many Texas clubs, and according to Mrs. Smith's announcement, this years tournament will be another outstanding event.

The Cameron association includes members from Rockdale, Rosebud and Hearne.

St. Anthony Parents Hear Book Review

Mrs. David Shapiro reviewed the book "The American High School Today" at last weeks regular meeting of the St. Anthony Parent Teachers Club.

During the short business meeting conducted by Mrs. Charlie Burke, members voted to purchase a projector to be used in the school and it was announced that second graders would make their first Holy Communion April 5.

Hostesses for the meeting were Mrs. Willie Moraw, Mrs. Ed Pavelek, Mrs. Hubert Jistel and Mrs. Clarence Hanel.

Your Easter Seal Society is dedicated to serving the crippled regardless of race, religion or cause of crippling.

Mrs. Will Strickler Marks 87th Birthday

Mrs. Will Strickler observed her 87th birthday Sunday at the home of a daughter, Mrs. R. L. Boyls, Cameron, where she has been making her home for the past 9 months.

Helping Mrs. Strickler celebrate the occasion were Mr. and Mrs. Walter Strickler, Ben Arnold; Mr. and Mrs. Edmond Strickler of Austin, Mr. and Mrs. Henry Kraemer, Rosebud; Mr. and Mrs. Boyls and daughters of Cameron and Mr. and Mrs. Calvin Kraemer of Rosebud.

Crippling strikes one family in five every year in the United States. Let Easter Seals helpyou if it strikes you or yours.

Burlington

40 Guests Enjoy Saturday Hayride

By Mrs. George Logan
Telephone VO 9-2265

A hayride and wiener roast at the home of Mr. and Mrs. Arthur Davenport Saturday night was enjoyed by about 40 guests. The outing was sponsored by the Burlington Baptist Church.

Roy Lee Lindsey Jr. will leave Monday for Greenland where he will be stationed with the Army.

Funeral services were held in Waco Friday for Monroe Nichols, a former Burlington resident. Burial was in Chilton Cemetery.

Work is in progress to remove a house on the Chester Rogers property and replace it with a new building. The Albert Paschels, who have occupied the house, are living at the Vernon Nicholson farm while construction is underway.

Mr. and Mrs. George Barkemeyer and daughter Georgia and Leslie Sitz visited Ogene Barkemeyer at Texas A&M Sunday.

Mr. and Mrs. A. E. Hensel attended a silver wedding anniversary celebration honoring Mr. and Mrs. Julius Cabron at their home in Cameron last week.

Mr. and Mrs. Bill Faulkner returned from Hitchcock Thursday where they spent a few days in the home of their son, Eugene and family, while their daughter-in-law underwent an operation in Galveston. Enroute home they visited in Texas City and Houston where they were guests of Mr. and Mrs. Ben Kleypas, former Burlington residents.

Mr. and Mrs. Bill Matyastic and family of Bryan visited Mr. and Mrs. Herman Schulz Friday night.

Mrs. Paul Lorenz returned to her home in Houston after becoming ill while visiting relatives here.

Rev. Robert Bayles and family were dinner guests of Mrs. Julia McCollum and sons Sunday.

Local friends attended the funeral o. Mrs. E. E. Green at Rosebud Sunday.

Visitors in the home of Mr. and Mrs. A. E. Hensel recently were their children, Mr. and Mrs. Elgin Hensel and family of Rosebud, Mr. and Mrs. Thomas Wilcoxen of Dallas, Mr. and Mrs. Rudy Wunsch and family of Barclay, and Mrs. Hensels' sister, Mr. and Mrs. George Helmens of Poth, Texas.

Tom Murray's Column

WHY DID Russ Boone, Sweeny's all-America high school basketball player, refuse the University of Texas and enroll at Tyler Junior College?

The switch that brought indignant roars from Texas partisans and near battles involving Tyler Coach Floyd Wagstaff and Longhorn Coach Slue Hill began innocently.

Explanations have been numerous, but hardly revealing the basic reasoning which prompted the talented young man, now Anahuac's successful head coach at 23, to change his mind.

"I had been planning to go to Texas all my life," he says in retrospect. "So, when the time came to sign, I put my name on their letter-of-intent."

"But when I went to the all-star game that summer, I heard a lot of talk about trouble Texas was having over its coaching situation. Basketball had always been a happy experience to me and the rumors were disturbing.

"Then I was really impressed with King Hill, and you know he had signed with Rice. I roomed with him and he made me wish I had chosen Rice. I began wondering if it would be possible to change.

"I called Coach Wagstaff, who had been talking to me, and asked if I came to junior college would it make me eligible to go to another SWC school upon graduation. He told me it would. At that time that was correct, but they later changed the rule.

After the charges and counter-charges subsided and Russ had become a junior college all-America two years at TJC Texas felt it would have first call on his services.

"When I found out for sure that I had to either attend Texas, according to conference rule, or take just one year of eligibility," Boone continued, "I made up my mind I would never go there."

"THEN I began looking for a school. I considered Kentucky, Oklahoma A&M and some others, but chose University of Houston."

Why would he choose UH when Kentucky was beckoning? "Well," for two reasons. It was close to home, and I liked Coach (Guy) Lewis.

"Betty would be close to home and I liked playing in this area. Then, too, he added, "Houston is in a better basketball conference than the Southwest Conference."

"That may not be true for ever," he amended "but it was when I had to make that decision."

Does he have a signie regret?

"Not in the least," came a quick reply. "I wouldn't do a thing differently. I am crazy about Coach Wagstaff. There isn't a thing I wouldn't do for him.

"And, Coach Lewis is a wonderful person he is a good coach, too. He and Coach Wagstaff are close friends. Wagstaff told me I would never make a mistake playing for Lewis and he was right."

Boone was All-Missouri Valley his senior year, averaging 18 points per game, principally with a jump-shot approaching perfection.

Asked if he used methods contrary to the normal in fashioning his first Anahuac team, which barrelled to an 18-5 record and a spot in district 23-A playoffs, he replied:

"No I don't use anything extraordinary, I just stress hustle, defense and rebounding, in that order. Then we work on shooting of course."

What's the real key to winning? That he insisted, was a tough question. But he did mention, "Getting the kids to believe in themselves is awfully important."

Is he happy? "I'm so proud of these kids I don't know exactly what to say. I know they want to win and that makes me happy."

"This basketball is my life, and I know I'll never get out of it," spoke Russell Boone, and you believed him.

Thousands Returning To Canada

Slim Hunting For Ducks, Geese

By Vern Sanford

Thousands of ducks and geese now are working their way back up the Central Flyway to the nesting grounds in Western Canada.

We didn't kill nearly all of them in Texas during the hunting season just recently closed. In fact, there were many hunters who didn't do too well on ducks. Others, however, got their fair share.

There was considerable disappointment in far southeast Texas. Here, with Federal Aid, the state purchased some 8,000 acres of marshland for a wildlife refuge. It was opened to hunters five days a week. But the hunters got very few ducks.

As a result, not nearly so many hunters took advantage of the permit shooting as had originally been planned. Fortunately, there was a good answer for the absence of the ducks, which should be under control by next season.

This land was purchased only a few weeks before the hunting season opened. It had not been managed land. There was insufficient food on the area for the ducks. Resting areas had not been provided.

A management program is under way now, and by the time the 1959 season rolls around, there should be some excellent shooting in the area. This, of course, providing a good hatch comes back down the flyway from Canada.

Duck stamp sales were heavy in the United States in 1958. In the 10 Central flyway states there were 555,525 stamps sold at $2 each. Texans bought 167,383, or more than twice the number of any other state. Kansas was next with 73,086. Oklahomans bought 50,033, and 10,207 were sold in New Mexico.

In the Mississippi flyway states they purchased twice as many licenses as in our flyway, but no state equaled Texas. In fact, California, in the Pacific flyway, with 183,011 duck stamps sold, was the only state exceeding Texas. (Alaska sold only 9,796 stamps!)

Proceeds from the sale of duck stamps are used to finance Federal waterfowl refuge and law enforcement programs. Every individual, 16 years of age and over, who hunts migratory waterfowl, is required to have such a stamp.

The price this year, has advanced from $2 to $3, with the added money set aside to finance an enlarged refuge program.

The 1959-60 stamp was designed by Maynard Reece, Des Moines, Iowa. He won the designing award, with a drawing featuring a Labrador retriever carrying a mallard drake. This is the third award he has won.

In addition to the purchase of duck stamps, hunters and fishermen also paid more than $20,000,000 in excise taxes on outdoors equipment last year.

Under apportionments from this federal excise tax, Texas will receive $207,027.78 for fishing and $820,000 for wildlife development.

The funds are expended in Texas under the direction of the Game and Fish Commission. Each item must be projected by the Commission in advance, and approved under the federal program.

Texas, fortunately, has been able to provide the necessary 25 per cent matching funds from its own license sales. With a program like this, it looks like we'll have good hunting and fishing for a long time.

This also shows conclusively that the people who hunt and fish are not only paying their own way, without general tax funds, but are rpoviding for protection of renewable wildlife resources for everyone.

The wild game and fish of Texas belong to everyone. There can be no harvest of either without the fullest cooperation of the landowner and the man who buys the license. Texas has done a remarkable job.

More Water More Fish

Speaking of remarkable jobs, Howard Dodgen, executive secretary of the Game & Fish Commission, was on the program of the meeting of the Texas Press Association in Austin recently. In describing the department's activities, he made a significant statement. "We have more fish today than the Indians had," he told them.

Those of us who have been thinking of fishing back in the so-called "good old days" must agree with him. Perhaps we might have had more fish in the Indian days if we had had as much water as we have today. With all our lakes and streams now heavily stocked, our fishing is good. We are told that it will continue to be good because legal fishing pressure cannot reduce it.

Dodgen went on to explain the work of the Commission in keeping the studies going on these lakes to furnish even better fishing for those of us who find a little time to wet a hook.

Fishing definitely has increased a great deal within the last few years. In the first place, fishing is a sport anyone can participate in and enjoy.

Incidentally, there is a $20,000 fishing contest going on in the Corpus Christi area. Last fall the North Beach Women's Club sponsored a program for tagging a bunch of fish in the Corpus Christi Bay. These tags are worth $10 to $500 each if they are caught and returned to the club group.

The contest, which started last November, will end April 1 of this year. Two of the more than 1,000 tagged fish are worth $500 each; 10 of the fish are worth $100 each; 50 are worth $50 each; 100 are worth $25 each; and 900, $10 each. The contest is limited to tourists only.

The Texas coast is ideal for tourists during the winter months. If one should catch one of these $500 fish, he'll be double lucky, for he's just plain lucky to be there in the first place.

Clarkson Crooks Visit In Port Arthur

By Mrs. J. A. Blasienz

Mr. and Mrs. Doug Crook and Mrs. R. E. Mitchell visited friends and relatives at Port Arthur recently.

Mr. and Mrs. Bill Harrison, Wanda and Mr.and Mrs. Hubert Skala and son made a business trip to Waco Tuesday and while there visited with Mrs. Harrison's parentes, Mr. and Mrs. John Sotor.

Mr. and Mrs. Otto Schulz visited in the home of their son and family, Mr. and Mrs. Otto Schulz, Jr. Billy Neil and Donna Sue of Temple. Wednesday.

Mr. and Mrs. Herbert Engbrock and family and Mr. and Mrs. Leonard Doskocil and son spent last Sunday in Waco with Mr. and Mrs. Johnny Fox and other erlatives.

Easy Carpet Cleaning Discovery Hailed

What is said to be the easiest and "cleaningest" rug cleaner, known as Blue Lustre, is available after years of research.

Blue Lustre leaves no foreign residue to cause rapid resoiling. The pile is left open and fluffy as the colors spring out like magic. So easy to apply with a long handle brush (like playing shuffleboard) and is safe for all types of carpets.

Use Blue Lustre to clean the entire carpet or remove spots and traffic lanes. It's economical as ½ gallon of concentrate cleans three 9 x 12 rugs.

50th Anniversary — Great Southern Life Insurance Company — 1909 - 1959

GREAT SOUTHERN'S

50th ANNUAL REPORT

Discloses a Year of Great Service and Progress

We measure growth in terms of service, rather than size. The promise of Great Southern protection became a consoling reality for the beneficiaries of 1,729 policyowners who died during 1958. These beneficiaries received $5,680,852. An additional $5,741,300 was disbursed to living policyowners under matured endowments, annuity payments, and cash equities withdrawn. Since organization Great Southern has disbursed the sum of $177,538,670 to living policyowners and to beneficiaries. Great Southerners in the field last year wrote more than *fifteen thousand* policies for new life insurance totaling $121,027,116.

National Engineers' Work

Engineering Takes Man To 'Jumping Off' Places

By John T. Kane

Where is the "edge" of the universe, and what would we find if we got there?

Only a few years ago such questions were strictly in the realm of fiction or, at best, in the realm of scientific speculation. Today, with man probing the space around our planet and attempting to orbit devices about the moon, it is becoming obvious that we are entering an era which will see factual answers to questions that seemed unanswerable throughout history.

As the nation's approximately 400,000 engineers prepare to observe National Engineers' Week, February 22-28, they can look back on a year of technological effort that included projects for earth and lunar satellites. Looking ahead just through the coming year, the engineering profession can see a work schedule that will include planning for rocket engines with a million foot-pounds of thrust, and for firing multi-stage rockets to Mars and Venus. During the coming decade—1959 to 1969—engineering efforts will almost certainly include the exploration of the surface of the moon.

For centuries man has dreamed of breaking away from the earth and traveling to the moon and the other planets in our solar system. But only now has this dream become a practical reality. Only now has our engineering knowledge and skill developed to the point where we can set up definite timetables for the exploration of outer space.

Naval Observatory Photograph

Somewhere on this crater-scarred surface, the first lunar exploration base will be set up by scientists from the Planet Earth. Engineering knowledge and skill are the keys to unlocking the secrets of our neighbors in space and some 250,000 miles away.

Moon Projects

The magnitude of the role played by engineering knowledge and skill can perhaps best be seen in the moon projects now getting underway. To begin with, our present understanding of conditions on the moon is based largely on engineering developments in electronic and optical instruments. Astronomers today who study the moon utilize a variety of complex technical devices, all of which have an engineering origin.

The actual exploration of the moon starts with the multi-stage rocket vehicle that can cross the some 250,000 miles in space separating us from our lunar neighbor. From design through construction and testing, the rocket vehicle is an engineering project. There are about 300,000 functioning "parts" in the largest three-stage rocket unit. Engineers design every one of these and engineers are responsible for the successful operation of all phases of the rocket firing.

Then, the whole field of rocket fuels, both liquid and solid, is centered around chemical engineering. The fuels are extremely powerful, are highly explosive, and must be handled under laboratory conditions.

In the "instrument package" we send to the moon another engineering specialty is called upon. The electrical engineer's role starts with the rocket itself. Current flows through the entire rocket. Electronic devices automatically check the rocket for malfunctions, and other electrical circuits control the rocket firing.

Plunging into space without precisely computed navigational headings and orbits will never get us to the moon. The enormous distances between earth and the moon and planets means that minute errors in navigation would place the rocket thousands of miles from its target. Electronic computers solve these problems of rocket and satellite trajectories—the complex paths they take through space. Other computers are used to work out fuel problems. Still others are needed to solve navigation problems, such as where the moon will be in relation to the earth and sun on any given firing date.

Instruments

The list of electronic instruments to be placed in orbit around the moon keeps getting longer and more complicated. There are the inertial guidance devices which keep the rocket on course, and steer the satellite into the correct orbit. Then there are the special television cameras and transmitters for viewing the surface of the moon from the first unmanned satellites. There are a number of instruments to measure the amount of deadly radiation in the vicinity of the moon. There are also instruments to analyze the moon's atmosphere, if it has any at all. Naturally, all these things need additional equipment to radio the data back to earth.

The lunar satellite will be the first step in the exploration of the moon. After that will come attempts to land an unmanned vehicle on the lunar surface. This vehicle, most likely a kind of small tractor, will operate automatically. It will follow a program of exploratory activity set up on magnetic tape.

Lunar Problems

Engineering design will enable this lonesome little robot tractor to cruise about the lunar surface taking ground and above-ground temperature readings in direct sunlight and shade; probe the crust of the moon with electronic impulses; scan the area with TV cameras; scoop up ground samples and perform simple chemical analyses on the samples; and transmit all this data back to earth in the form of coded radio signals.

It would be fairly simple to design such a vehicle for use here on earth. But it must be remembered that on the moon it would have to be able to operate in a near vacuum, and stand up under a difference in day and night temperature of some 400 degrees.

Civil and structural engineers will also be involved in the exploration of the moon. When man lands on the moon h. is not just going to take right off again. We'll have a moonbase, and this means structures to live in and work in.

The structures rocketed to the moon will all be prefabr[illegible] and designed to be set up quickly with a minimum of effort. Living on the moon presents some real problems. For example, the temperature drops from that of boiling water to about 200 degrees below zero—each day. All the protective clothing, living quarters, laboratories, and surface vehicles will have to be designed to make use of heating and cooling systems based on the reflection and absorption of solar energy. Lunar explorers will have to take an atmosphere and an atmospheric pressure with them. The slightest malfunction in temperature control could result in our moon explorers being roasted—or frozen—in a matter of seconds.

Since there is no shielding air mass surrounding the moon, cosmic radiation should be intense. A goodly supply of deadly X-rays from the sun must be bombarding the lunar surface and anything that walks or drives across it. The lack of a blanketing atmosphere means that a steady rain of meteors must also be pelting the surface of the moon.

The first moonbase will probably resemble the polar installations organized during the International Geophysical Year in the Antarctic. Just as they have been doing at the South Pole, scientists will set up shop on the moon to study everything from biology to magnetic fields. And, just as in the polar expeditions, the lunar scientists in the field will have at their command a vast complex of technical devices with which to probe into the past and present of our moon.

The exploration of the moon will be only the beginning of man's conquest of outer space. The same type of research bases will ultimately be set up on Mars and on any other planets where such projects can be established. Each of these scientific expeditions across the frontiers of space will be dependent on progress in engineering.

Many Engineers

Astronomers, physicists, biologists, chemists, and many more specialists have worked together to make flight beyond the earth's atmosphere possible. But behind all these scientists will be the many engineers, the men who translate theory into practical reality, and who provide the tools and instruments that make possible science as we know it today.

Herald Reviews Yoe Basketball

The Cameron Yoemen finished the 1958-59 basketball season with a record of twelve wins and 14 defeats.

Coach Bill Kruger ended his first full year at the head of the basketballers showing a district record of 2 wins and 6 defeats.

Kruger's top brass was senior Turner Newton who finished the season with a total of 350 points, an average of 14 points a game. Newton's top output for a single game was 20 points against Bastrop, a game the Yoemen won by 2 points. Newton racked up 13 points 5 times in a single game during the season.

Folschinsky Scores 234

Rodney Folschinsky was the number two man in the scoring department with 234 points, averaging 10 points in a game. His top performance was against Belton in district competition with 22 points.

Following Folschinsky was John Josey with 139 points, picking up an average of 9 a game in 15 games. Josey had 22 points against LaGrange.

Not far behind Josey in scoring was Joe Paul Gerick with 137 points. Gericks top output was against Bastrop, he averaged 5 a game.

Allen Dodson picked up 132 points during the season, averaging 5 points a game and his top performance was with Marlin and Belton when he made 10 each time.

Sophomore David Barkemeyer had 53 points to his credit averaging 3 a game. He scored 11 in his second game of the year against Rosebud.

Willioms In Foreground

Eddie Williams finshed the year with 51 points averageing 3 a game and turning out to be one of Kruges's ablest ball handlers, he scored 12 against Rosebud.

At the end of the first quarter of the season, Cameron sported a 3-3 record, and midway through the year had compiled a 7-5 won-lost title.

By the time 75 per cent of the season was gone, the Yoes were still ahead of the count with a 10-8 record. They went ahead to win another game and then lost three straight before winning again. They finshed by losng the last two contests of the basketball year.

B Team

The Cameron Yoemen B team, despite a spectacular start finished the basketball season below their senior's with a total won-lost record of 7 wins and 12 losses.

The B squad, coached by Bill Kruger took the first four games of the year without any diffiulty, however they lost their next two and at the halfway mark had a 6-4 record. They gradually fell behind the count and at one point lost 7 games in a row.

Juergens Tops

Top B team scorer was junior Dwayne Juergens with 237 points. Juergens scored 19 twice and 18 points one in a single game.

Bobby Griswold was second in scoring competition with 117 points. His top scoring performance was 17 points.

David Barkemeyer ran a lose third with 106 points. Behind Barkemeyer was freshman Steve Malone with 57. Jimmy McClaren had 30, Carroll Fikes, 26; Chester Simons, 17, Chris Gay 16, and Jimmy Woodum 11, to round out the squads top sorers.

Mrs. Zarosky Hospitalized

Mrs. C. L. Zarosky is a patient at Houstons Methodist hospital were she is recuperated from recent surgery.

View On Sports

By Robert Mann

Herald Sports Editor

With basketball season over and field and track not fully on the scene, athletes at Yoe High have been divided into three groups.

Coach Murphy Webster has senior track possibilities running under him and Coaches Jim Speer and Bill Kruger each have a group.

They will work with weight lifting on alternate days, run some track and start preparations for the coming baseball season.

—VOS—

Ed Lierman, sophomore speedster has reportedly recovered completely from his neck injury received six months ago in the Cameron-Bellville football game.

Lierman started running track Monday under Coach Webster and appeared to be in fair condition despite being out of commifion the past six months.

—VOS—

With school coming to an end in another three months, high school seniors are looking forward to the possibilities of being offered a college scholarship.

As yet no Yoemen has had an opportunity to ink a contract but such grid iron stars as George Zarosky, Ray Tepera, Jesse Kirk and John Josey are almost sure bets.

Mmes. Fuchs, Dusek At Landscape School

Mrs. Leo Fuchs and Mrs. Alvin Dusek, local Civic Garden Club members, attended the first in a series of four courses in Landscape Design School at Texas A & M College February 18 through 20.

The school is sponsored by Texas Garden Clubs, Inc., in collaboration with Texas A & M College. Instructors for the first course were Dr. Robert S. Reich, professor of Landscape Architecture, Louisiana State University; J. D. Beaumont; and Dr. Robert H. Rucker, associate professor, Texas Technological College, Lubbock.

INTRODUCING

Mr. and Mrs. Robert Kalkbrenner Jr. are the parents of a son born February 18. The new son has been named Richard Craig and weighed 8 pounds, 7 ounces.

Kathleen Marie Norwood, daughter born to Mr. and Mrs. Arie A. Norwood of Rockdale. The new arrival weighed 7 pounds, 6 ounces.

Carl James, 7 pounds, 8 ounce son born to Mr. and Mrs. Paul Bradley February 24.

Rockdale Team Leads Bowlers In Womens League

With 7 weeks left in the bowling season standings in the Cameron Womens Bowling League are:

Rockdale Flower	56	28
Vaculine Humble	47	37
New Cameron Drug	43½	40½
Culpepper Motors	42	42
Green Funeral Home	40½	43½
Pearl	38½	q45½
Falstaff	38½	45½
Coca Cola	30	54

Lillie Junek and Mary Mercer rolled the high games this week, each with a 191. Mollie Zavodny was second with 181.

Ida Michalka has the high 3 game series of 472. Milady Hollas is second with 471 and Lillie Junek third with 451. Mary Mercer and Lillie Junek each got a turkey. Splits were picked up by Della Moraw, Agnes Barton, Milady Hollas, Mary Hess, Ellen Dillon, Ann Hollas, Ethel Crider, Kay Pernice, Flo Fikes, Ida Mcihalka, Evelyn Burke and Carrie Gurecky.

The womens association welcomed a new bowler, Kay Pernice.

The annual City Association and League Meeting will be held March 3 at 7:30 p.m. in the K. C. Hall when plans will be made for the city tournament and election of new officers will be held.

PONTIAC NAMED CAR · OF · THE · YEAR

"Pontiac with wide-track wheels is the best combination of ride... handling...performance and styling of any '59 car" —*The Editors of Motor Trend Magazine*

In making its annual automotive award, the staff of Motor Trend Magazine, leading automotive publication, tests and evaluates all new cars. Here are quotations from the April 1959 issue:

"The stability of the 1959 Pontiac is the outstanding automotive advance of the year. Everyone considering a new car should experience it."

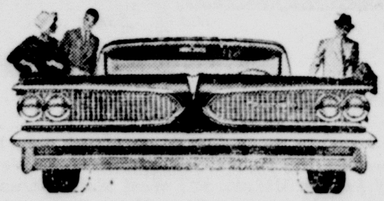
"It's the best balanced passenger car in America. We firmly believe that in moving the wheels farther apart, to develop the widest stance of any American car, Pontiac has created an entirely new sense of balance and handling security."

"Pontiac's lines are clean, simple and beautiful. It has a fleet look, a trim appearance. The wide wheel design contributes greatly to its over-all integrated styling. Any comparison with narrower track cars readily shows the difference."

"For the economy-minded, an efficient new engine. The new 420E Tempest economy engine offers remarkable performance along with exceptionally high mileage while operating on regular grade gasoline."

"Pontiac is again tops in performance, based on our extensive road testing. Acceleration is outstanding, yet the engine is unusually quiet and smooth."

Your nearest Pontiac dealer will be glad to let you road-test this award-winning automobile on your own. You'll see why it's the year's most talked-about car!



THE ONLY CAR WITH *WIDE-TRACK* WHEELS

Wheels are five inches farther apart. This widens only the stance, not the car. Pontiac takes a better grip on the road, hugs tighter on curves and corners. Sway and lean disappear, ride is smoother, balanced, steadier. Handling is easier. You drive with a new confidence, a comforting security. *Pontiac gives you roadability no "narrow gauge" car can offer.*

PONTIAC! America's Number ① Road Car

Three Totally New Series • Catalina • Star Chief • Bonneville

FREE! If you would like a reprint of the complete, illustrated article with all the tests and evaluations on which Motor Trend judged Pontiac "Car of the Year"—see your Pontiac dealer or simply send your name and address on a postcard to Pontiac Motor Division, Department 10, Pontiac, Michigan.

Girl Scout Program Needs Adult Helpers

Cameron Girl Scouts total 96 which marks a low ebb for scouting in this area according to Mrs. Frank Reed, neighborhood chairman. A lack of adult leadership meant that more than 100 interested Cameron girls are not able to participate in the Girl Scout program.

What is the Girl Scout program?

Local adult leaders feel that the programs purpose, as described in the leaders pledge, best answers this "dedicate ourselves to the purpose of inspiring girls with the highest ideals of character, conduct, patrotism and service that they may become happy and resourceful citizens."

Who can join the Girl Scouts?

The Scouts include any girl in the second grade and 7 years old through 18 years old. Brownies range in age from 7 to 10, intermediate Scouts from 11 through 13, and Senior Scouts age 14 through 18.

How often do they meet?

The Girl Scout troops meet once each week for about one hour. Projects such as art-craft and educational tours are carried out during the meetings and, weather permitting, camping and hiking activities are planned.

What adult leadership is needed?

Mrs. Reed stated that active troop leaders and assistants were needed to organize new troops and sponsors were needed for troops already in existance.

Sponsors

She went on to explain that sponsors are usually a civic club or church group, which insures that the troop has an active adult leader and provides minimum financial aid in case of need. In the sponsorship program the troop performs one service for the sponsoring group during the year such as making place cards or other table decorations.

Activities Planned

Special activities now being planned for local scouts include the annual Father-Daughter Banquet which is held during Girl Scout Week, March 12. The banquet will be held at the Methodist Fellowship Hall and will feature presentation of the local contribution to the Juliet Low World Friendship Fund.

Also on the Girl Scout Week activity calendar is an invitation for Cameron scouts to attend the Girl Scout Birthday party being held in Austin March 14.

The popular 5 day long camp held annually at Wilson-Ledbetter Park has been set for the week after public school closes.

Local Board

The local Girl Scout program is under the direction of a board composed of Mrs. Reed, neighborhood chairman; Mrs. Dana Monroe, troop organizer; Mrs. Lester Williams, day camp director; Narvie Caperton, delegate at large to the area council; Mrs. David Shapiro, secretary - treasurer; Mrs. Frank Luecke, publicity chairman; Mrs. Joe Anderson, registrar; and Mrs. Carroll Green, program chairman.

Extension Worker Here

Extension Family Economics Specialist, Mrs. Eula J. Newman of Texas A & M College, held a 2 day work shop last week with Milam County negro county agents, Miss V. R. Pittman and C. R. Walker, and the family economics sub-committee and leaders.

MRS. ONITA KING

City Teachers To Hear State Assoc. President

Mrs. Onita King, president of the Texas Classroom Teachers Association, will be guest speaker at the regular meeting of the Cameron Association at 7:30 p.m. Tuesday in the Ben Milam Cafeteria.

Mrs. King, who has been a member of the Board of the state teachers association for the past 6 years, is from Lockhart, Texas, and is a former president of Lockhart teachers group. She has won statewide recognition as chairman of a committee preparing "The Elementary Teacher's load", a research bulletin which has been featured in the Texas Outlook and the Journal of Texas Association of School Boards.

Mrs. King is a graduate of Southwest Texas Teachers College in San Marcos.

400 See Buckholts Annual Talent Show

A crowd of almost 400 were on hand Friday night for the Buckholts Ministrel and Talen Show holts Minstrel and Talent Show

The show, sponsored annually by the Buckholts band, included acts from over the county. Max McClaren, band director, announced that the evenings entertainment had netted $125 for the band.

Personal Mention

Mr. and Mrs. Will Biskup spent the weekend in Waller and Houston visiting their children, Mr. and Mrs. Edward Biskup and Mr. and Mrs. Fred Vavra.

Mrs. Frank Michalka has returned from Waco, where she went to welcome a new grandson, Richard Frank Michalka, born to Mr. and Mrs. R. E. Michalka. Maternal grandparents are Mr. and Mrs. Emil Boedeker, Cameron.

Mrs. Edward Biskup of Hempstead visited in Cameron and also attended the funeral of her cousin, Mrs. Mary Kunchick.

Mr. and Mrs. O. D. Springer were hosts for a get-together of their brothers and sisters and their families.

Mr. and Mrs. Jackie Lowry and boys visited her parents, Mr. and Mrs. J. A. Henderson of Ben Arnold.

Mr. Ed Dahse of Ben Arnold was in Dallas this week where he was in the VA hospital.

Mrs. Joe Michalka was in Sour Lake visiting her son Lawrence and family. The Lawrence Michalkas have a new daughter, Joe Marie.

Mr. and Mrs. Bill Teranta and family of Liberty spent the week end with her mother, Mrs. Melvin Weems, who had just returned from a visit with another daughter Mrs. Sue Melborne in Jackville.

Mr. and Mrs. Joe Vanek and Mr. and Mrs. Ted Vanek of Schulenberg visited Mr. and Mrs. Bob Zarosky and family.

Mrs. Kenneth Hughes visited her parents, Mr. and Mrs. M. A. Baggerly last week end.

Miss Peggy Hightower, freshman at Baylor University, visited her parents, Mr. and Mrs. A. H. Hightower last week end. Accompanying her for the weekend was her roommate, Miss Carolyn Mayfield also a freshman at Baylor, originally from Ozona, Texas.

Herman S. Jahnke visited in Brenham and Galveston over the weekend.

Mrs. James S. Kahler and children have been visiting in Ft. Worth and Denton the past week.

CARD OF THANKS

We wish to thank our many friends for their visits and the kindness and thoughtfulness shown while I was in the hospital. We especially want to thank the nurses at Newton hospital for their patience and excellent care.

Mr. and Mrs. Bill Schlicht

Andrews Says Use Tax Booklets On Tax Returns

Line by line!

That's the way to use your tax information booklet in filling out your 1953 Federal income tax return.

A lot of study has gone into the writing of the instruction booklets for both form 1040 and Form 1040 A. Most taxpayers who use the two on a line-by-line basis will find it a lot easier to fill out their returns.

Guard Unit Reports 3 Re-Enistments

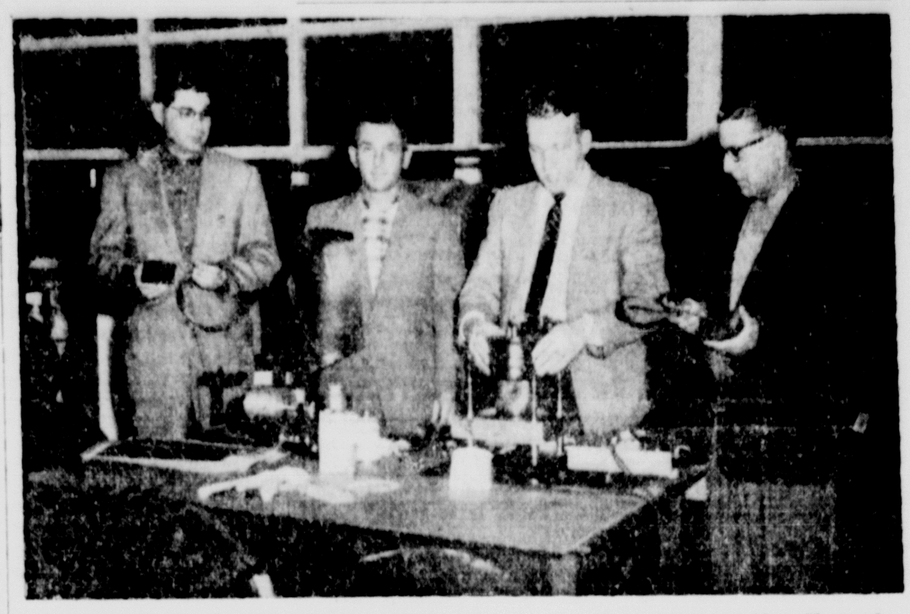
Milam County's National Guard unit, Battery C, 649th Anti-aircraft Artillery Battalion had three re-enlistments and one application for enlistment made in the organization this week, it reported today.

It listed the three Guardsmen who re-upped for another three year term as Sgt. James Hollas, Specialist-3 Alvin W. Baggerly and Pfc. Billy D. Scarbrough.

Hollas and Baggerly are assigned to the Battery's Gun Section. Baggerly is employed by the Safeway Supermarket in Marlin and resides in that city. Hollas is employed here by the Cameron Herald. Scarbrough, who is assigned to the Battery C Communication Section, is employed by the WAL Robinson Service Station here.

Battery C also reported that one of its members, Pvt. Charles W. Henson, recently returned from six months of active duty with the Army. He received his basic training at Ft. Chaffee, Arkansas, and later was transferred to Ft. Bliss near El Paso, Texas, to complete his tour of duty.

Henson has resumed training with Battery C, but will attend drills with a Guard unit in Austin during the spring semester of the University of Texas where he is a student.



MAKING TIRES — Royce McEver, district sales manager for Hicks Rubber Co., shows the materials and manufacturing processes in producing an auto tire. His demonstration resulted in making a minature tire last week before a group at Burkes-Howard Co., Cameron. From left are: Max Howard, holding raw rubber and bead wires; Maurice Faulkner, sales representative, showing nylon dipped cord; McEver with tire mold and E. J. Burkes, holding a roll of nylon and synthetic rubber.

Saving Vital Service . . .

Cameron and North Milam County have reason to be proud today.

Residents of this area turned out 187 strong to contribute blood in record proportions for the Milam County Red Cross blood program. It was excellent response in the "moment of truth" when Milam County was on the threshhold of losing the entire program.

Actual number of pints donated was 160, about 60 percent more than the previous record 106 pints donated in 1954. An additional 27 donors were turned away due either to medical reasons or because time ran out.

County and area Red Cross bloodmobile officials were happily surprised by the turnout. It sometimes had ebbed as low as 40 pints per bloodmobile visit while this area was using a weekly average of 30 pints of blood in local hospitals and in out-of-county cases involving Milam Countians.

It is significant that Cameron and area residents will bolster to record heights a program that has gone neglecting for years, save for the loyal support of those members of the "Gallon and Two Gallon Clubs."

It is a lesson we all understand once the loss of a vital service is imminent. And how well we can see the wonderful success of total effort.

We can ask ourselves now why we had not supported the program before. We surely knew about it. But the human quality of "getting by" almost severed Milam County from its blood program — from an unsung life-saving service — from a responsibility taken for granted.

How many ideas and programs have died because we let Joe do it, when in effect, Joe was standing aside for us?

Our pride in the success of these contributions should be shortlived. For tomorrow there will be other efforts and other programs that will need salvaging and putting across. The appetites of all our needs -whether personal, civic, economic—must be continually fed.

Our laurels are stepping stones to further achievement, not a license to step aside for the man who is not there.

The Little River Philosopher

Wanders Into Field Of Education

Leaves It Just As Confused As It Was

Dear editar:

A lot of people are worried these days about the public education system, that is, as I understand it, the adults are pretty well satisfied with the amount of education they have, but are worried about the amount the kids are getting.

What us grownups really want is enough bright kids with enough scientific education to perfect enough weapons to protect us from the mess we've gotten the world into, and as a result a lot of people are giving a closer look at the schools of this country.

As I understand it, the parents say their kids aren't furnished enough smart teachers, and the teachers say they aren't furnished enough smart kids, and the solutions range all the way from eliminating small schools to raising salaries to putting up more buildings to calling on Congress, provided it doesn't raise taxes.

One solution that I read about in a newspaper last night said since it is impossible to find enough really excellent teachers to go around so every pupil could have the top-notch authority in every subject, from finger painting to tire changing to mathematics to physics to all the other sciences, arts, literature, etc., the thing to do is to use television. All you'd need is about 25 teachers for the whole country, sitting in a studio in Washington and telecasting to all the school houses in the nation. All the local teachers would have to do is stay in the class rooms to see the picture was in focus, a tube hadn't blown, keep the kids in order, keep them from throwing things through the windows when they're shut, etc. You have to have class rooms, it wouldn't do to let the kids stay at home to watch, or otherwise, you couldn't have a PTA or even a pep rally.

As for examinations, the old-fashioned grading system would be thrown out, only the 25 teachers at the top would be qualified to grade, and they'd never get around to grading 15 million papers or whatever the number is, and in its place they'd use a punch card to indicate what answer they think is right, the cards are mailed to Washington, run through a machine just like subscriptions to a mass-circulation are handled, and when you've managed to punch the right number of holes, you're educated and ready to go to work explaining why that last missile never got off the launching pad.

I ain't smart enough to know if this system would work, but if you and me are the products of an older system, we'll have to admit it had some flaws too.

Yours faithfully,
J. A.

Capitol Report

Legislature Must Face Budget Task

By Vern Sanford
Texas Press Association

AUSTIN—After nearly seven weeks in session, the Legislature has not yet given any clear indication of how it will solve its basic problem — how much to spend and where to get it.

State agencies still insist they need every cent they asked for—and need it bad. But those who would be "fall guys" of money-raising measures proposed thus far show no genial willingness to ante up.

Gov. Price Daniel is still pushing hard for his tax program. He suggested that critics would do better to stop sniping and start snooping — for a better way.

State Comptroller Robert S. Calvert called the governor's plan to gain $18,000,000 by a change in bookkeeping just "legalizing a false statement." Budget Board Director Vernon McGee termed it "unworkable."

Daniel also contends that his plan for the state to take over unclaimed bank accounts, abandoned property, etc., might help a lot of people, since the state first would advertiser for rightful owners. But bankers and spokesmen for other affected industries called it "confiscation," said it would undermine public trust in their institutions.

Corporations continue to blast at a franchise tax raise they say would increase their burdens as much as 500 per cent. A two-thirds vote of each House would be necessary to put this into effect to help with the deficit this year. Many say chances are dim.

A Lubbock legislator, Rep. H. J. Blanchard, made a survey on tax and spending attitudes. About 60 per cent of those replying opposted a sales tax. Roughly the same percentage favored more spending for teacher pay, higher education, old age assistance, state hospitals and prisons.

GOTTA HAVE IT

Strong pitches for more spending are being made by spokesmen for three major state services.

"I don't see how higher education can be financed without some broad-based tax," said J. R. Sorrel, chairman of the University of Texas Board of Regents. "You will have the backing of this administration and this board in selling it to the people of Texas."

"We are absolutely broke, we don't have a dollar," said Prison System Director O. B. Ellis. "Riots that will cost more than the appropriation requested may result if conditions aren't improved."

"You can chop off dollars, but you can't chop off children," declared a representative of the Texas Youth Council. Director James A. Turman said money spent on parole supervision and rehabilitation of youngsters in trouble would save on future prison costs.

THREE FOR SPEAKER

Three definite candidates already are jockeying for speakership of the House in 1961.

They are Reps. Wade Spilman of McAllen, Ben Glusing of Kingsville and L. DeWitt Hale of Corpus Christi. It may be a close-quarters fight. All are from the same general South Texas area.

Rep. Joe Burkett, who lost to present Speaker Waggoner Carr in a very close race, said he won't run again. Many members have protested early campaigning. They say it hampers work of present session.

"Freedom" Bill Delayed

Senate Committee has put in it "back pocket" a bill to set penalties for those who refuse to make public records public.

Measure is one of several "freedom of information" bills sponsored by a group of newsmen's organizations.

It was sent to sub committee for reworking with no time set for the subcommittee to report. In some cases, such action means the bill is buried for the session.

NEW AGENCY URGED

A bill has been proposed to take tax collecting out of the Comptroller's Department and set up a new agency headed by a state collector of revenue.

All members of last session's senate General Investigating Committee joined in sponsorship. They said they felt tax collecting could be handled more efficiently by an appointive officer of longer tenure.

Committee investigated the sively last session. At one time members commented on the awkward position of an official who had to collect taxes and solicit votes — from the same people. However, the present Comptroller hasn't had any opposition in years.

HERE'S THE ONE FOR CAREFREE FUN

THE LARK BY STUDEBAKER

MARATHON MILEAGE AT COMMON SENSE COST

Come on and get acquainted with the only penny pincher in the world with a charming personality all its own. Here's a miser you'll love because it's so stylish, so chic, so individual—nothing like it on wheels. Three feet shorter outside, room for six inside, delivers miles and miles on a hatful of regular, low-cost gas. Has rich, luxurious styling, so complete, neat and replete, it's approved by Harper's Bazaar. And, what a joy to drive—turns, parks, corners, scoots like no other car you've ever sat behind the wheel of. It's worth a try—a Fun Drive Demonstration. Come in for a trial today—at your Studebaker Dealer's. Or, better yet, call for an appointment.

$2295

Transportation, local taxes, white walls and any other extras plainly labeled on every car.

Fun drive the LARK today at

Income Tax Facts

Questions and Answers About Your Individual Income Tax Report for 1958, as Presented By The Texas Press Association

If you had any of the following kinds of income in 1958 you are not required to mention them on your return or to pay income tax on them:

Advances that must be repaid. Alimony taxed to husband. Allotments and allowances received from the government. Annuity payments —the part that represents a return of your costs. Awards for achievements such as Nobel Prizes, etc.

Bad debts recovered in 1958, but only if the deduction for the bad debt in a prior year did not reduce your tax in that year. Board and lodging furnished to you for the sole convenience of your employer.

Campaign contributions. Charity Christmas Gifts.

Compensation earned by United States citizen for services abroad while a bonafide resident of a foreign country for an uninterrupted period which includes an entire calendar year, unless employed by Uncle Sam. Compensation up to $20,000 earned by a United States citizen for service abroad while abroad for at least 510 days in any 18 month period, unless by Uncle Sam.

Compensation for loss r damage to your property. Compensation for personal injuries or sickness. Damages received. Death benefits. Disability benefits. Dividends from domestic corporations—first fifty dollars. Dividends received on unmatured Life Insurance Policies. Dividends from mutual insurance companies which reduce your non-deductible insurance expenses.

Homestead grant. Honorarium you received as a retiring employee. Hospital benefits.

Income tax refund—any interest is taxed. Inheritance. Insurance premiums paid by your employer on group life insurance policies. Interest on bonds of states, municipalities and political subdivisions of the U.S.A. Interest on adjusted service bonds.

Life insurance proceeds paid at death of the insured. Liquidation dividends which are the return of your capital.

Marriage settlements. Medical expense paid by your employer. Mustering out pay. National Service life insurance payments.

Parsonage furnished minister, or cash allowance in lieu of parsonage and used for a parsonage. Payments received by a widow from a deceased's employer up to $5,000. Payments received by divorced or legally separated wife for child support. Payments from Union Welfare Funds (Sick and Accident Insurance) unless reimbursing for medical expenses deducted in prior years. Pensions and disability benefits from U. S. Government to veterans and their families. Pensions under World War adjusted Compensation Acts. Personal injury damages. Post allowances. Postal Savings Deposit interest on deposits made before March 1, 1942. Presents (not in lieu of compensation). Property damages recovered.

Railroad passes. Railroad Retirement Act benefits. Railroad Unemployment Insurance Act benefits.

Sabbatical grants from trust funds. Scholarships, to help your education. Severance pay from the armed forces. Sick and Accident Insurance benefits, unless reimbursing for medical expenses deducted in prior years. Social Security payments. Subsistence allowances. Supper money from your employer.

Tuition, subsistence, and on-the-job training received by veterans from Uncle Sam.

Unemployment benefits. Uniform allowances. Veterans benefits under G.I. Bill, Disability Pay, etc.

Wedding presents. Widow's pension — U. S. Government. Workman's Compensation benefits.

"By Golly, Doc, Your Herald Want Ad was right — I never saw so many people wearing wings"

Letter To The Editor

Editor
Cameron Herald
Dear Sir:

In behalf of the Board of Directors of Milam County Red Cross Chapter, I would like to thank the people of Cameron for their response last Friday to our call for blood. This showed a splendid community effort and has offered a challenge to Rockdale and the rest of the county. We wish to thank Mr. Richard W. Moseley for his untiring efforts in his arrangement for the bloodmobile unit and donors. We also appreciate the assistance of local Doctors, hospital and workers.

We are trying to get someone in Cameron to volunteer as a home service worker in order that more assistance can be offered by your Red Cross. Our phone number in Rockdale is Hillcrest 6-5157, so please call when any service offered by the Red Cross is needed. Most of your money donations remain in Milam County and will be used for residents.

Again we thank everyone in Cameron for the fine spirit of cooperation in Red Cross.

Sincerely,
J. R. Yeager, Chairman

Rev. E. E. Shaffer will be the speaker at special Missionary Services beginning Wednesday night at the First Assembly of God Church. He has recently returned from South Africa where he and his family spent 5 years in missionary work. He served as principal of the South African Bible Institute, for whites, and established a Bible school for coloured and Indians in Johannesburg. Rev. Shaffer will show 16mm color movies film of South Africa and Jerusalem.

Ben Arnold News

United Church Of Christ Minister Announces Weekly Lenten Services

By Mrs. A. T. Swanzy

Lenten services are being held each Wednesday night at the United Church of Christ in Ben Arnold according to an announcement by the Rev. Gerald Cobb, pastor.

Mr. and Mrs. Bobby Kalkbrenner are the parents of a son, born at St. Edward's Hospital last week. The baby is welcomed by a brother, Ronnie, age 3.

Maternal grandparents are Mr. and Mrs. Max Schuetze of Burlington and paternal grandparents are Rev. and Mrs. Robert Kalkbrenner of Pettibone.

Mr. and Mrs. Bill Sweet and Billy of Nordheim, visited relatives here and in Cameron over the week end.

Rev. and Mrs. Thomas Dusek and Mrs. Dusek's mother, Mrs. Bales of Dallas, were noon guests of Mr. and Mrs. M. D. Swanzy on Sunday.

Mrs. Wayne Condray and baby son, David Wayne, of Killeen, were week end guests of Mr. and Mrs. W. F. Glass Sr. and family and attended services at the Baptist Church Sunday morning.

George Jones Sr. is a patient in Newton Hospital, Cameron.

Visitors attending services at the Baptist Church Sunday evening were Rev. Bales, Dallas; Mrs. R. B. Eickenhorst, Temple; Mrs. J. M. Henson and Robert Jones, Ben Arnold.

Mrs. White Visits

Mrs. Jim White of Stowell near Beaumont is visiting her sister-in-law Mrs. Buck White in Jones Prairie.

Alcoa Theatre

Noted screen star Lew Ayres will star in a Civil War drama, "Corporal Hardy," on Alcoa Theatre, Sunday over KTBC-TV, Channel 7, at 9:30 p.m.

If a crippling accident or disease strikes your family, let Easter Seals help you come back.

Scout - O - Rama Chairmen Named

Wayne Wieser, Chairman of the 1959 Scout - O - Rama has named the men to head key committees of the Boy Scout show to be held at Simon George Hall April 4.

Leading this years committees for Cameron are Jack Prescott, finance; Rev. Geo. Duda, attendance; George Williams, participation; Eugene Mees, Physical arrangements; Gene Smitherman, publicity, Bassel Wilson, reception committee; B. L. Miller, awards; and F. G. Blake, concessions.

Tickets will be sold by Cubs, Scouts and Explorers.

Glass Offers Wide Selection For Floral Needs

Potted plants, sprays, corsages, bouquets, cut flowers and any other floral requirement are available in a spectrum of selections at Glass, the Florist in Cameron and Rosebud.

Two generations of Glass, the Florists, with 28 years in the Whole sale and retail business, make floral service and selection a pleasure and delight regardless of the occasion.

Glass, the Florist grows most of their flowers in their own local greenhouses so that they are always greenhouse fresh to their customers.

Freshly picked, the flowers are beautifully arranged by the skilled floral decorators at Glass, the Florist. And they are delivered in a fast, efficient manner by one of six trucks in Cameron and Rosebud.

"We consider the floral occasion in recommending types of flowers and their arrangements to our customers." Donald Glass points out. "We strive for the personal touch that flowers convey when they are given as a gift or special remembrance.

Glass's floral arrangements for funerals are done with dignity and grace befitting the need, and equal care is devoted to flower and scenic arrangements for weddings and parties.

Robinson Features Service

Since going into the service station business in 1930, W. A. L. Robinson has offered a complete auto service that rates his company's motto, "everything for the car."

And that is what Robinson offers today for motorists who are served by his competent staff of four at his Texaco Service Station, 115 N. Fannin, Cameron.

A dealer in many name-brand auto accessories and equipment, Robinson prides himself in offering the public personalized pick-up and delivery service as an added feature of his well-known road service.

Sells Goodrich Tires

Chief among his many name-brand auto services is the sale of B. F. Goodrich tires and batteries for every make of car, tractor, or truck. He points out he stocks a complete line of vehicle tires and tubes for anything from a wheelbarrow to road machinery.

"Our name-brand sales include Dupont plastic car accessories, Fram filters, AC ignition products and a host of other popular brand auto items," Robinson says.

"And our auto road service is complete, including lube, wash, battery charging, wheel packing and all other extras to make our road service second to none," he emphasizes.

A veteran group of service station personnel headed by Station Manager Monroe Corbin provides the motorist satisfaction plus in care of his automobile. They have a total of 29 years service with Robinson.

Besides Manager Corbin there are Billy Scarbrough with three years experience; Douglas Moore with 13 years and Leonard Winn with 2 years. Corbin has been at Robinson's for 11 years.

Robinson opened his first Texaco service station in 1930 and moved to his present location at 111 N. Fannin in 1935. He has sold Goodrich tires and batteries since first going into business.

29 Years Experience

"We feel that 29 years in the service station business gives us the experience to know what motorists want and need in auto care and maintenance," Robinson says.

Legal Notice

NOTICE OF HEARING TO APPROPRIATE PUBLIC WATERS OF THE STATE OF TEXAS

No. 2110

Notice is hereby given to whom concerned that the CITY OF CAMERON, TEXAS, Bassel Wilson, Mayor, the postoffice address of which is Cameron, Texas, on the 30th day of January, 1959, filed its application in the office of the Board of Water Engineers for the State of Texas, in which it applies for a permit to rehabilitate and raise three (3) feet in height its existing dam on Little River, a tributary of the Brazos River, in Milam County, Texas, constructed pursuant to Certified Filing No. 41. No additional appropriation of water is requested.

The proposed dam is located at a point which bears South 33 degrees 30 minutes East 84.3 feet from U. S. Geological Survey gaging station and South 41 degrees 51 minutes West from the southeast corner of a 35 acre tract of land acquired by the City of Cameron in 1957 on the west bank of the Little River in Milam County, Texas, and is distant in a Southeasterly direction from Cameron, Texas, approximately one (1) mile.

A hearing on the application of the said CITY OF CAMERON, TEXAS, will be held by the Board of Water Engineers for the State of Texas, in the office of the Board at Austin, Texas, on MONDAY, MARCH 16, 1959, beginning at two o'clock p.m., at which time and place all parties interested may appear and be heard. Those opposing the granting of said application should file written protests with the Board and the applicant at least five days prior to hearing date, giving their reasons therefor and such other information as is required by Board Rule 305.2. Such hearing will be continued from time to time, and from place to place, if necessary, until such determination has been made relative to said application as the said Board of Water Engineers may deem right, equitable and proper.

Given under and by virtue of an order of the Board of Water Engineers for the State of Texas, at the office of the said Board at Austin, Texas, this the 30th day of January, 1959.

Durwood Manford,
Chairman
STATE BOARD OF WATER ENGINEERS

ATTEST:
Audrey Strandtman, Assistant Secretary

which cross action was filed in said Court on the 9th day of February, 1959, and the nature of which said suit is as follows:

Cross-plaintiffs sue cross-defendants to recover title and possession of 1,290 acres of land, more or less, described in conveyance from Taylor N. Cox to R. B. Stephens and Thomas C. Hall dated August 6, 1907, which is duly recorded in Book 79, pages 53 and 54 of the Deed Records of Milam County, Texas, which land is more fully described as in Plaintiffs' First Amended Petition, as follows:

Being a part of the C. M. Mathews League, Milam County, Texas, and beginning on the County line between Milam and Burleson Counties, Texas, at a stake 252 vrs. N. 55 W. from the N. or N. W. corner of the Beverly Terry tract on said League from which a P. O. bears N. 37½ E. 5¾ vrs. and another N. 18 W. 2½ vrs; Thence N. 55 W. 1417 vrs. to a corner from which a P. O. brs. N. 8 E. 5¾ vrs. and another S. 8 E. 9½ vrs., being also the N. E. corner of the Phelps and Johnson tract; Thence N. 35 E. 2820 vrs. to corner on Rodriques S. line from which a P. O. brs. S. 13 W. 8¾ vrs. and another S. 71 E. 8 vrs. Thence N. 71 E. passing a corner at 548 vrs. to the N. E. corner of this survey at 1098 vrs. from which corner a B. J. brs. N. 85 W. 5 vrs. and another brs. S. 30 W. 7½ vrs; Thence S. 55 E. 575 vrs. to the N. corner of the E. P. Moore 100-acre tract on said league, from which a B. J. bears S. 71 E. 1½ vrs. and another N. 83½ W. 2¼ vrs; Thence S. 37 E. 1741 vrs. to corner on boundary line between Milam and Burleson Counties, Texas; Thence S. W. with said line 3470 vrs. to the place of beginning, containing 1290 acres of land, more or less, being the same land described in a deed to R. B. Stephens and Thomas C. Hall duly recorded in Book 79 at Page 53 of the Milam County Deed Records

If this citation is not served within ninety days after date of ts issuance it will be returned unserved.

WITNESS Grady Allen, Clerk of the District Court of Milam County, Texas, 20th Judicial District.

GIVEN UNDER MY HAND AND THE SEAL OF SAID COURT at office in the City of Cameron this 9th day of February, 1959.

GRADY ALLEN
Clerk of the District Court, Milam County, Texas, 20th Judicial District.

Cox Announces New Twirlers

Kay Pernice and Doroles Zalesky have been named to replace seniors Ann Swift and Laura Swift as 1959-60 Yoe High School twirlers.

Francis Cox, Yoe High band director made the announcement Wednesday.

Miss Pernice, a junior, is the daughter of Mr. and Mrs. Joe Pernice. Miss Zalesky is the daughter of Mr. and Mrs. Emil Zalesky and is a junior at Yoe High.

Veterans of the twirlers corp are Eileen Jacks, Mary Alice Duncum and Ann Allison.

Girl Scout Worker Has Leaders Course

Miss Marie Meyer of Austin is directing a two day training course for girl scout leaders in Cameron this week.

The course held from 9 a.m. until 2 p.m. Wednesday and today at Ledbetter Park, is for leaders already active in troop work. Miss Meyer is the Cameron Area Girl Scout Field Director.

Mrs. A. W. McCullin and Mrs. J. C. Freeman were in Houston this week for a conference of Methodist Women.

MILAM COUNTY'S

Farm Scene

County Agents Report

Officials Name Farm Field Day

March 5 is the date of the field day set by officials at the McGregor station for interested livestock people to take a look at the gains made by cattle representing several breeds. Of interest to Milam county stockmen are three ZATO RETURN bred Hereford bulls in the test entered by Mr. Richard Ellison of the Baileyville community.

A tour to observe cattle on test will state at 9 a.m. and last until 12 noon. At 1 p.m. an educational program is scheduled and at 2:15 there will be a sale of gain performance tested bulls and heifers. Local [illegible] are invited to attend.

[illegible] Junior Stockmen

Interested people have asked when our Junior stockmen will go to Houston. All entries are due to arrive at the show on March 2. The animals will be "sifted" on March 3. The beef, poultry and swine will show on Wednesday, March 4. The Dairy will show on March 4 and 5. The sale will be on March 6. 4-H boys will participate in the calf scrambles on March 8.

County Broiler Program

Boys and girls who plan to grow broilers in the county program are to be at the courthouse by 4 p.m. on February 27 to meet their sponsors and receive their 50 chicks. All growers are urged to be present.

Head Smut In Maize

Head smut is a disease of sorghum that was found in Texas as early as 1920. It was not serious until recently, probably because the varieties grown were resistant or tolerant to the disease. Combine 7078 has been widely grown since 1950 and is highly susceptible to head smut. It is possible that the increase in head smut has resulted from the wide use of this variety. Losses up to 20 per cent were observed in fields in all three regions of the State, although those on most farms were negligible.

Head smut cannot be controlled by seed treatment with a fungicide. The best control is to grow head-smut-resistant hybrids. The most susceptible present variety is Combine 7078 and the two most susceptible hybrids, RS 608 and RS 610, have Combine 7078 in their parentage. Martin is only moderately susceptible. RS 608 and RS 610 are not recommended on any farm where an appreciable amount of head smut was found in recent years. Texas 601, Texas 620 RS 650 and Texas 660 are only moderately susceptible to head smut and apparently RS 630 is immune.

Cattle and Poultry Manure

The use of cattle and poultry manure as a source of plant nutrients and organic matter can mean profits in increased production and decreased fertilizer costs. In general, a ton of dairy manure will be about equal to 100 pounds of 8-4-8 while a ton of poultry manure will equal about 100 pounds of 20-16-18.

Cotton Allotments

The law under which cotton farmers are now operating contains provisions for the voluntary release and reallotment of 1959 cotton allotments. Where the release is made, the releasing farm retains the acreage as part of its history and is used in figuring future allotments. It is very important, says Bob Cherry, extension economist, that released allotments be reapportioned and planted on other farms in order to hold county and state planting history.

Milam 4-H'ers Enter Houston Fat Stock Show

By Robert W. Hoermann
Ass't County Agent

Milam county 4-H members with entries in the Houston Fat Stock Show will leave Cameron, March 2.

Entering fat steers at the Houston Show are: Jeannette Richter, Cameron, who had the Grand Champion steer at the Cameron Livestock Show; Carroll Wayne Glaser, Buckholts, whose steer was Reserve Champion at the local show; Jay and Jan Parmelee, Rockdale; Pat and Nan McClaren, Cameron; Joyce Fuchs, Cameron; Jeannette Fuchs; Buckholts; and Arvell Jungmann, Buckholts.

4-H members with broiler entries in Houston are: Joyce Fuchs, Benard Jungmann, Larry Jungmann, Edmund Michalka, and Eugene Michalka.

Fat barrows will be entered by Johnnie Ray and Jeannette Richter, and Roy Dean Tomasek. Roy Dean showed the Champion fat barrow at the county show.

Jeannette Richter received a $25.00 check from Universal Mills for showing the Grand Champion steer at the Cameron Livestock Show, February 7, presented by Carl Lindloff, Dist. Representative.

Scramble Dairy heifers will be shown by Johnnie Ray Richter and Martin Jistel, both of Cameron.

4-H members entering the Beef Calf scramble at Houston are Ronald Litzman, Cameron and Arvell Jungmann, Buckholts. They will scramble Sunday, March 8, at 1 p.m.

CITE FFA WEEK — Cameron members of the Future Farmers of America gather around their welcome sign during a salute to National FFA Week, February 21-28. The sign was donated to the local chapter by Cameron Kiwanians. Standing from left are: Edward Moraw, sentinel; Herman Mueck, vice-president; Iven Vogelsang, secretary; Eddie Luckey president; and Pat Kelley, advisor. Sitting from left are: Phillip Kostroun, historian; Rudolph Mayer, reporter; Genevieve Kostroun, FFA sweetheart; and Douglas Parker, treasurer.

Fungicides Aid In Control

Seedling Disease Aids

Use of in-the-furrow fungicides at planting time may be an effective aid for controlling cotton seedling disease in some areas, says Harlan Smith, extension plant pathologist.

Cotton seedling disease is one of the major diseases attacking cotton in Texas, Smith pointed out. Last year it cost Texas farmers a little over 4½ million dollars.

Information concerning use of in-the-furrow fungicides at planting time, a relatively new seedling disease control practice, was first published by the Texas Agricultural Experiment Station in January of 1958. About 400 Texas producers used the practice on a total of 26,523 acres last year.

Most of the treated acreage was centered in the High Plains and Lower Rio Grande Valley, Smith explained. However, there were small tests in several other areas. A Wharton county grower tried it on 50 acres and obtained quite favorable results.

For general use a mixture of Captain, Zineb and PCNB applied as a spray or dust is recommended. As a spray, 5 pounds of a formulation containing 15 per cent active Captan, 22.5 per cent active PCNB and 26 per cent active Zineb applied in water at the rate of 7 gallons per acre is suggested.

As a dust, 10 pounds of a formulation containing 7.5 per cent active Captan, 11.5 per cent active PCNB and 13.0 per cent active Znieb per acre is effective. Nabam applied as a spray at the rate of 1 gallon per acre should give good results in soils with a pH below 7.3.

For more information, Smith advises contacting the local county agent.

Cotton Irrigation

"Cotton Irrigation in the Lower Rio Grande Valley" is the title of a recently released Texas Agricultural Experiment Station publicatoin. Copies are available from the Agricultural Information Office, College Station, Texas.

High Protein Foods Dominate Texas A&M March Plentiful List

College Station—Foods high in protein content dominate the USDA's March plentiful foods list for this area.

Eggs are the food to feature since supplies are expected to run two to four per cent larger than a year ago.

Turkeys, broilers and fryers, pork and California canned sardines make up the plentifuls meats.

Vegetables in good supply include cabbage, potatoes, celery and canned peas.

Dairy products, peanuts and peanut products, walnuts, honey and apples complete USDA's March plentiful list.

Southwest food distribution division of the Agricultural Marketing Service checks supplies nationally and locally to determine the monthly plentiful foods list. Only foods in heavier supply than average make the list.

Buckholts 4-H Group Meet With Hoermann

Jeanette Fuchs, reporter for the Buckholts Senior 4-H Club, announced that the club met last week with Robert W. Hoermann, ass't county agent.

Hoermann distributed leaflets on "Vegetable Gardening" and Miss Fuchs gave a report on "Trinidad Electric Camp". Hal Lester Senkel spoke on Chickens.

Auction Reports 351 Cattle Sold

Despite bad weather Cameron Livestock Auction reported a good sale with 49 buyers present.

A total of 351 cattle were consigned with stocker classes in strong demand.

Ostendorf To Replace Harris At Alcoa Works

Earl Ostendorf of Alcoa, Tennessee, has been named Power Manager at Alcoa's Rockdale Works, replacing Lyman J. Harris who will become Power Manager for the Company's Northwest Operations.

The changes, effective April 1, were announced here this week by R. R. Sugg, Rockdale Works Manager.

Ostendorf has been Electrical Superintendent at Alcoa Smelting Works in Tennessee since 1952. He joined the company upon graduation from the University of Nebraska in 1937, working at the Tennessee plant until World War II when he went to Jones Mills, Arkansas, to serve as Electrical Superintendent. In 1945 he returned to Tennessee as Assistant Electrical Superintendent at Alcoa Smelting Works.

A native of Nebraska, Ostendrof attended Peru State College and received a B. S. degree in Electrical Engineering from the University of Nebraska. He is a licensed engineer, a member of Sigma Tau honorary engineering fraternity and of AIEE. He is a Mason and a member of the Presbyterian Church.

Although Mr. and Mrs. Ostendorf will visited Rockdale next week, she and their three children, Sandy, Bill, and Judy, do not plan to move here until school is out.

Harris spent a short time at Wenatchee Works before transferring to Rockdale in 1952 to work on plant construction. In February of 1955, Harris was named Electrical Superintendent of the smelting plant here and became Power Manager January 1 1957.

Both Mr. and Mrs. Harris are active in civic and church affairs and were leaders in forming the Rockdale Public Library. They reside at 20 Post Oak Place. Their two children, John and Judith, attend Rockdale schools. They plan to move to Washington State after April 1.

Dave McLane, 72, Dies In Rosebud After Long Illness

Mr. Dave McLane, 72, died in a Rosebud rest home at 1 a.m. Monday. He had made his home there for the past 1½ years.

Mr. McLane was born June 5, 1887, in Abbotsville, South Carolina. He had been a resident of Cameron for about 38 years. Before his retirement, he was an employee of McLane Wholesale Co.

Survivors are two sisters, Mrs. E. A. Camp and Mrs. L. C. Majors, both of Rockdale, and several nieces and nephews.

Pallbearers were Harry Davis, Dave Whitley, R. E. Sharpe, Frank Dusek, O. B. Harden, Charles Terry, August Knipp and Judd Davis.

STOCK CHAMPION — "Toasty Boy", owned by Dr. R. M. Titsworth and Cornelius Titsworth, Cameron, and shown above by Gene Hillman, was named champion Yorkshire boar at the Fort Worth Stock Show. The boar also placed first in the senior fall boar class. The Titsworths also showed a first place gilt and third and fourth - place gilts and barrows. Cameron FFA'er Charles Kirk also exhibited first and third place Titsworth winners in the middle weight class and won second, third and fifth places in the San Antonio show.

Scouts Hear Talk In Career Series

Harry Davis, service manager of Hefley Stedman Ford Company and mechanic Clifford Marburger spoke to Explorer Scout Troop 85 Monday at the Coca Cola plant as the first in a series of talks by local business men.

Marburger explained various parts of a car's engine and answered questions concerning automobiles and mechanics.

The scouts have held two activities along with their weekly meetings and have a full schedule ahead for the next few weeks according to Robert Mann, president. The troop is sponsored by F. G. Blake and the Coca Cola Bottling Company.

Short Course Set On Quality Concrete

A two session Quality Concrete Short Course will be conducted in Cameron next Wednesday and Thursday from 7:30 to 9:30 p.m. in the Vocational Agriculture Building at Yoe High School.

Requirements for quality in both fresh and hardened concrete will be discussed and illustrated in a sound movie and the method to determine correct proportions of materials will be demonstrated with local aggregate.

Mr. Pat Kelley, Cameron Vocational Agriculture instructor, said that all farmers, ranchers and contractors in the area were invited to attend.

Eugene Glaser, son of Mr.and Mrs. Arnold Glaser, Buckholts, is shown with "Tex" his registered Shorthorn steer who won 1st place in the Junior Lightweight Division of the San Antonio Livestock Exposition.

Tex, fitted on the Purina program, weighed out at 900 lbs.. came from the registered Shorthorn herd of Joe Glaser, Buckholts. "Rex" another steer fed by Eugene won 4th place in the same division at the San Antonio Show and was bought at Auction by its breeder, Joe Glaser, for 50c per lb. while "Tex" sold at 55c per lb.

Eugene, in his second year of FFA work, under the supervision of Gene Byers, FFA Instructor, Buckholts High School, worked long and hard getting his two steers ready for showing. "Tex" had previously won first in the Milam County Junior Livestock Show lightweight division.

Congratulations to Eugene for a top job in his first showing experience.

50 Cameronites Join Salt Grass Trail Ride

The 8th annual Salt Grass Trail ride began last Sunday with about 50 trailriders attending from Cameron.

The Salt Grass Trail ride has become the largest organized horseback movement in the world. The trail was once traveled by pioneers who drove their cattle to the coast for living grass in the '70's.

Jim Arness, television's "Marshal Matt Dillon", star of the top ranked show "Gunsmoke" lead the parade in downtown Brenham Saturday and joined the riders again in Spring Branch.

The trail riders were guests of ranchers along the way and arrived in Memorial Park, Houston, Tuesday.

Wednesday the riders joined the Houston Fat Stock Show parade in downtown Houston.

City Retail Credit Manager In Austin

Mrs. Elma Anderson, Manager of the Cameron Retail Merchants Association, attended the 10th annual Management Institute held last week at the University of Texas, Austin. Sponsored jointly by the University, the Associated Credit Bureaus of America, and Texas and Retail Merchants Association of Texas, the Institute is held annually to give credit bureau and collection service managers further professional training.

The institute includes classes in personnel management, advertising, public speaking and bookkeeping. A feature of this year's institute was the open forum on current business problems when managers from Texas and many other States exchanged ideas for improving Retail Merchant Association service in their home communities.

THE WORLD'S MOST BEAUTIFULLY PROPORTIONED CARS

You'll love the full six-passenger comfort in the cars

BUILT FOR PEOPLE! . . .
Just *one* standard was used by Ford in designing its 1959 car — *people!* First, Ford made the door openings wider, so it's easier to get in and out. Next they made sure that six big people—not just *four* or *five*—could stretch out on seats that are padded their *full width*. Result? More room for *everybody's* legs, elbows, hips and hats . . . more solid comfort than ever before.

BUILT FOR SAVINGS! . . .
Savings start the moment you buy a Ford. A price tag comparison with major competitive cars will *prove* it! And you go right on saving. Ford's standard engines that *thrive* on regular gas save you a dollar each tankful. Ford's Full-Flow Oil Filter means oil changes only each 4000 miles. Ford's *aluminized* mufflers last twice as long. And new Diamond Lustre Finish *never* needs waxing!

THE DOUBLE VALUE 59 FORDS

KEEP YOUR FORD ALL FORD WITH GENUINE FORD PARTS

The Ford Custom 300 Fordor is the buy of the year. Combines beautiful proportions with beautiful savings.
